

*Construction and Materials Research and  
Development for the Nation's Public Works*

June 1987

NTIS order #PB94-134723

## OTA PROJECT STAFF

### CONSTRUCTION RESEARCH AND DEVELOPMENT

#### FOR THE NATION'S PUBLIC WORKS

John Andelin, *Assistant Director, OTA  
Science, Information, and Natural Resources Division*

Nancy Naismith, *Science, Education, and Transportation Program Manager*

Edith Page, *Project Director*

Robert Gold\*            Leonard Wojcik

#### Administrative Staff

Marsha Fenn    Chris Clary    Michelle Haahr    Wendy Weingarten

### MATERIALS RESEARCH AND DEVELOPMENT

#### FOR THE NATION'S PUBLIC WORKS

Lionel S. Johns, *Assistant Director, OTA  
Energy, Materials, and International Security Division*

Peter D. Blair, *Energy and Materials Program Manager*

Jenifer Robison, *Project Director*

Karen Larsen    Joanne Seder    Gregory Eyring

#### Administrative Staff

Lillian Chapman    Linda Long

\* OTA Contractor

## CONTRIBUTORS AND REVIEWERS

During its research for this study, OTA contacted a wide range of knowledgeable individuals in the public and private sectors and in the academic world. All gave generously of their time and expertise. These contributors and reviewers for this paper played key roles in identifying major issues. Moreover they contributed a broad and invaluable range of information, for which OTA is very grateful. However, OTA bears sole responsibility for the contents of this paper.

Walter Anderson, U.S. Bureau of Reclamation  
George Barney, Portland Cement Association  
Ray A. Barnhart, Federal Highway Administration  
William Beddow, National Constructors Association  
John Bergerson, Water and Wastewater Manufacturers' Association  
David P. Billington, Princeton University  
Carl A. Brunner, U.S. Environmental Protection Agency  
Robert M. Clark, U.S. Environmental Protection Agency  
John Convery, U.S. Environmental Protection Agency  
Claudia Copeland, Congressional Research Service  
Gene De Michele, Water Pollution Control Federation  
Robert C. Doban, Owens-Corning Fiberglass Corporation  
John P. Eberhard, National Research Council  
David Eckstein, Uni-Bell  
Ezra D. Ehrenkrantz, The Ehrenkrantz Group  
John W. Fisher, Lehigh University  
Arthur J. Fox, Engineering News Record  
Geoffrey Frohnsdorff, National Bureau of Standards  
Edgar J. Garbarini, Bechtel Group, Inc.  
James G. Gross, National Bureau of Standards  
Alan Hais, US. Environmental Protection Agency  
Edward Harrigan, The Asphalt Institute  
Neil Hawkins, University of Washington  
Richard Hay, Federal Highway Administration  
Paul Howdyshell, U.S. Army Corps of Engineers  
Donald G. Iselin, Consultant  
Arnold K. Jones, IBM Corporation  
Rolland D. King, Battelle Columbus Laboratories  
Robert K. Kreklau, Federal Highway Administration  
Frederick Krimgold, Virginia Polytechnic Institute  
Damian Kulash, Strategic Highway Research Program  
Michael Maccoby, Project on Technology, Work and Character  
Darrell Mach, U.S. Bureau of Reclamation  
James Manwaring, American Water Works Association Research Foundation  
Richard May, The Asphalt Institute  
William McCleese, U.S. Army Corps of Engineers  
David McDermott, Utility Contractor's Association  
Henry L. Michel, Parsons & Brinckerhoff Inc.  
Fred Moavenzadeh, Massachusetts Institute of Technology  
Steven Moore, National Asphalt Pavement Association Education Foundation

William W. Moore, Dames & Moore  
Julian K. Morrison, National Research Council  
Richard P. Mudge, Apogee Research, Inc.  
Louis J. Mulkern, RMD Associates  
J.P. Murtha, University of Illinois at Urbana-Champaign  
Boyd C. Paulson, Jr., Terman Engineering Center  
Jessie Pfeiffer, U.S. Army Corps of Engineers  
Alan E. Pisarski, Consultant  
V.P. Puzinauskas, The Asphalt Institute  
Robert J. Reilly, National Research Council  
John C. Richards, M. W. Kellogg Co.  
Kenneth I. Rubin, Apogee Research, Inc.  
Jack C. Scalzi, National Science Foundation  
Louis Shaffer, U.S. Army Corps of Engineers  
Harry Smith, National Research Council  
Andrew Stevenson, Water Pollution Control Federation  
Jack Sullivan, American Water Works Association  
Richard Sullivan, American Public Works Association  
Robert Thomas, U.S. Environmental Protection Agency  
Gerald Triplett, The Asphalt Institute  
Richard L. Tucker, The University of Texas  
Tom Vonier, Consultant  
Harold Weber, The Sulphur Institute  
John H. Wiggins, J.H. Wiggins Company  
John H. Winkler, Skidmore, Owings & Merrill  
Richard N. Wright, National Bureau of Standards  
Klaus Zwilsky, National Materials Advisory Board
