APPENDIX C  
BIBLIOGRAPHY \*

FEDERAL POLICY AND PROGRAMS

LEGISLATION AND REPORTS TO CONGRESS

- Secretary, U.S. Department of Housing and Urban Development, *Tomorrow's Transportation: New Systems for the Urban Future: a report from the President to the Congress*; Washington, D. C.; May 1968.<sup>13</sup>
- Secretary, U.S. Department of Transportation, *A Study of Urban Mass Transportation Needs and Financing*; report of the Secretary of Transportation to the U.S. Congress pursuant to Sec. 138(a), P.L. 93-87 (Federal-Aid Highway Act of 1973) ; July, 1974.<sup>12</sup>
- U.S. Department of Transportation, *Urban Mass Transportation Act of 1964 and related laws: a compendium of UMTA legislation, amended through November 26, 1974; document undated.*<sup>12</sup>

RESEARCH, DEVELOPMENT AND DEMONSTRATION

- Cole, Leon M., for Library of Congress CRS, *Summary Review of Federal R&D Programs in Urban Mass Transportation*; July 25, 1973.
- Economics and Science Planning, Inc., for UMTA, *Public Transportation Service Quality—Some Program Alternatives* (Contract PT-50047); March 6, 1975.<sup>1</sup>
- Fisher, R. J., of UMTA, *Overview of the UMTA Service and Methods Demonstrations Program*; paper presented at 54th Annual TRB Meeting, Washington, D. C.; January 13, 1975.<sup>1</sup>
- General Motors, for UMTA, *Cost Parametric Analysis, Dual-Mode Transit System*; March, 1974.<sup>2</sup>
- General Motors, for UMTA, *Cost Parametric Data Standardization, Dual-Mode Transit System*; November, 1974.<sup>2</sup>
- Goldmuntz, L., *Federal Investment Policy in Urban Transportation R&D*; September 4, 1974.<sup>2</sup>
- Kelm, D., Chairman, Twin Cities Area Metropolitan Transit Commission, and others, *Correspondence Regarding a Proposed Federal R&D Project for High Performance Personalized Rapid Transit (HPPRT)*; March-May, 1974.
- Orski, C. Kenneth, of UMTA, *UMTA Future Directions*; remarks delivered at 54th Annual TRB Meeting; January 17, 1975.<sup>1</sup>
- Orski, C. Kenneth, of UMTA, *Remarks Before the Conference on Evaluation of Urban Transportation Alternatives*; Airlie House; February 24, 1975.<sup>1</sup>
- Sulkins, Parson, Lieberman, of North American Rockwell Corp., for Department of Housing and Urban Development, *Implementation Requirements for Four Advanced Urban Transportation Systems*; October 18, 1968.<sup>23</sup>
- UMTA, Office of Research and Development, New Systems Division, *United States Department of Transportation Automated Urban Transportation System Developments*; February, 1974.<sup>3</sup>
- UMTA, Office of Research and Development, New Systems Division, *High Capacity Personal Rapid Transit Systems Developments*; February, 1974.<sup>3</sup>
- U.S. Department of Transportation, UMTA, *Innovation in Public Transportation: A Directory of Research, Development and Demonstration Projects*; June 30, 1974. (also 1973 and 1972).
- UMTA, Office of Research and Development, New Systems Division, *United States Department of Transportation Personal Rapid Transit System Developments*; April, 1974.<sup>3</sup>

● Entries are keyed with one or more numbers indicating subject areas emphasized in them, as follows :

- <sup>1</sup> Planning.
- <sup>2</sup> Economics.
- <sup>3</sup> Technology.
- <sup>4</sup> Social acceptance.

U.S. Department of Transportation, UMTA, Request for *Proposal* (RFP) DOT-UT-30014 *High Performance Personal Rapid Transit (HPPRT) System*; February, 1974.

#### RESPONSES TO OTA PROJECT REQUESTS

Anderson, J. Edward, *Correspondence on UMTA'S HPPRT Program*; March 6, 1975 (draft, February 28, 1975).  
 Herringer, Frank C., *Correspondence in Answer to Questions on HPPRT and Evaluation of Morgantown*; March 7, 1975.  
 Howell, J. K., Office of *Technology Assessment Transit Project, Urban Transit Policy*; February 17, 1975.  
 UMTA, *Automated Guideway Transit Technology Program*; briefing charts prepared for OTA presentation; January 31, 1975.  
 UMTA, *High Performance PRT System Development Program*; briefing charts for OTA presentation; January 31, 1975.  
 UMTA, *High Performance Personal Rapid Transit, Urban Deployability Studies Program*; January 31, 1975.

#### INDUSTRY POSITION PAPERS

##### BOEING

Correspondence from Boeing Aerospace Company on *Automated Guideway Transit (AGT) Operations and Technology*; for OTA Project panel on operations and technology; February 10, 1975.<sup>3</sup>  
 O'Brien, Thomas E., and Hitsman, A. E., *Official Responses of Boeing on HPPRT*; February 26, 1975 and February 21, 1975.

##### OTIS-TTD

Best, Keith V., *Correspondence from Otis-TTD on High Technology GRT and AGT systems deployment*; March 7, 1975.  
 Donlon, Richard H., *Summary of Market Background*: Official position of Otis-TTD on Automated Guideway Transit (AGT) research and development; March 5, 1975.<sup>2</sup>

##### ROHR

Ehrlich, Lyman S., *Need for Greater Commitment to Transit Technology*: official position of Rohr Industries, Inc.; March 5, 1975.  
 Lancaster, T. A., and Hearn, D. L., of Rohr Industries, Inc., *The Role of Personal Rapid Transit in Mass Transit*: a paper delivered to the Society of Automotive Engineers; August 12-16, 1974.

#### METROPOLITAN PLANNING STUDIES

##### NEW YORK

Kaiser Engineers, and others, *People Mover Systems for Mid and Lower Manhattan*, for New York City Transit Authority, Metropolitan Transportation Authority, New York City Planning Commission, and New York City Transportation Administration; January, 1973.<sup>12</sup>

##### SAN DIEGO

Booz, Allen Applied Research and Simpson and Curtin, *Personal Rapid Transit Feasibility Case Study*; San Diego: study for Rohr Industries, Inc.; October 1974.<sup>12</sup>  
 BRH Mobility Services Company, and others, *Summary of Performance and Engineering Economics Analyses for Alternative Vehicle Systems*; Centre City Transit System, City of San Diego; 5 Vol.; January 27, 1975.<sup>12</sup>

##### TORONTO

Municipality of Metropolitan Toronto, Toronto Transit Commission, and the Ministry of Transportation and Communications of Ontario, *Choices for the Future, Summary Report*; report #64; January, 1975.<sup>1</sup>

## TWIN CITIES (CHRONOLOGICALLY)

- Alan M. Voorhees & Associates, Inc., *Development of a Long-Range Transit Improvement Program for the Twin Cities Area: Technical Report No. 3*, for the Twin Cities Area Metropolitan Transit Commission; November, 1969.<sup>12</sup>
- Development Research Associates, *Financial Plan: Technical Report No. 6*, prepared for the Twin Cities Area Metropolitan Transit Commission; November 30, 1970.<sup>12</sup>
- Development Research Associates, *Benefit-Cost Analysis: Technical Report No. 7*, prepared for Twin Cities Area Metropolitan Transit Commission; March 22, 1971.<sup>12</sup>
- Development Research Associates, *Evaluation of Regional Growth and Development impact: Technical Report No. 5*, prepared for the Twin Cities Area Metropolitan Transit Commission; March 25, 1971.<sup>14</sup>
- Daniel, Mann, Johnson and Mendenhall, and Midwest, Planning and Research, inc., *Transit Options for the Twin Cities Metropolitan Region*, prepared for the Twin Cities Area Metropolitan Transit Commission; January, 1971.<sup>134</sup>
- Twin Cities Area Metropolitan Transit Commission, *Transit in Transportation*; January, 1971.<sup>1</sup>
- Mass Transit Subcommittee, Metropolitan and Urban Affairs Committee of the Minnesota State Senate, *Report on the Metropolitan Mass Transit Need*; November 15, 1973.<sup>1</sup>
- DeLeuw, Cather and Company, Inc., and others, *Automated Small Vehicle Fixed Guideway Systems Study*, prepared for the Twin Cities Area Metropolitan Transit Commission; 11 Vol. and Briefing Charts; September, 1974–March, 1975.<sup>1234</sup>
- Twin Cities Area Metropolitan Transit Commission, *The Optimum Fixed Guideway Plan for the Twin cities*, Area draft report to the 1975 Minnesota Legislature and the Metropolitan Council; February, 1975.<sup>1</sup>

## URBAN TRANSIT SYSTEMS

- Deen, Kulash and Baker, of Alan M. Voorhees and Associates, *Critical Decisions in the Rapid Transit Planning Process*: paper presented at 54th Annual TRB Meeting; January, 1975.<sup>12</sup>
- Golob, Canty, and Gustafson of the Transportation Research Department, General Motors Research Laboratories, *An Analysis of Consumer Preferences for a Public Transportation System*; October 26, 1970.<sup>4</sup>
- Henderson, Clark, of Stanford Research Institute, *New Urban Public Transportation Systems*; October, 1974.<sup>1</sup>
- The MITRE Corporation, *Transportation in the U.S.: An Appraisal*; January, 1975.<sup>1</sup>
- Owen, Wilfred, *The Accessible City*; The Brookings Institution; 1972.<sup>1</sup>
- Skidmore, Owings and Merrill, and System Design Concepts, Inc., *Assessment of Community Planning for Mass Transit, Problem Definition and Technical Supplement*, for the Office of Technology Assessment, U.S. Congress; August 22, 1974.<sup>124</sup>
- Skidmore, Owings and Merrill, and System Design Concepts, Inc., *Preliminary Report, Part 1: Assessment of Community Planning for Mass Transit, Part II Energy, the Economy and Mass Transit*, for the Office of Technology Assessment, U.S. Congress; February 8, 1975.<sup>124</sup>
- Sobey, A. J., *The Future of Public Transportation, A Preliminary Evaluation of Some Alternatives*: paper presented at the International Conference on Transportation Research; Bruges, Belgium; June 19, 1973.<sup>1</sup>
- U.S. Department of Transportation, Federal Highway Administration, *Highway Statistics*; 1973.<sup>2</sup>
- University of Minnesota faculty in cooperation with the Science Museum of Minnesota, *Comparative Analysis of the Impacts of Conventional and New Transport Systems: a research proposal*; April 3, 1974.<sup>14</sup>

## AUTOMATED GUIDEWAY TRANSIT SYSTEMS

- Anderson, J. Edward, *The Automation of Urban Transportation*: an unedited manuscript for a proposed book; undated.<sup>4</sup>
- Anderson, Romig, cd., *Personal Rapid Transit II—Progress, Problems, Potential*: a compendium of papers presented at the 1973 International Conference on Personal Rapid Transit; February, 1974.<sup>234</sup>

- Costantino, Dobson and Canty, General Motors Corporation, *An Investigation of Modal Choice for Dual-Mode Transit, People Mover and Personal Rapid Transit Systems*; May 29, 1974.<sup>14</sup>
- Elms, Charles P., N.D. Lea Transportation Research Corporation, *New Transit Modes: Applicability and Current Status*; paper delivered to the Automotive Engineering Congress and Exposition; February 24-28, 1975.<sup>3</sup>
- Hall, J. Weston, *Systems Concepts Applied to Concrete Guideways*; paper presented to the ASCE-EIC/RTAC Joint Transportation Engineering Meeting in Montreal; July 18, 1974.<sup>5</sup>
- Hemmes, Robert A., *A Proposal for a National PRT Program*; December, 1974.
- Henderson, Clark and Erickson, Linda, of Stanford Research Institute, *Personal and Group Rapid Transit System and Technology: A Selected Bibliography*, for NASA; May, 1973.<sup>1234</sup>
- The Mitre Corporation, for the Transportation Systems Center, U.S. Department of Transportation, *Technology Assessment of Personal Rapid Transit Systems*; March, 1974.<sup>1</sup>
- The Mitre Corporation, *Technology Assessment of Personal Rapid Transit Systems*; January, 1975.<sup>1</sup>
- Richards, Brian, "PRT/GRT, Development in Personal Rapid Transit," in *Architectural Digest*; March, 1974.<sup>3</sup>
- Todd, Thomas, of research division Minnesota State House of Representatives, *The Transit Issue*: abridged version of talk presented to the Minnesota House, Urban Affairs Committee; January 22, 1975.<sup>12</sup>
- Light Guideway Transit: Lea Transit Compendium*, Vol. 1, No. 3; 1974.<sup>3</sup>

#### SHUTTLE- LOOP TRANSIT SYSTEMS

- Henderson, Clark, *Implementation of People Movers at Airports*: paper presented at the 54th Annual TRB Meeting; January, 1975.
- The Ford Motor Company, *International Transportation System for El Paso-Juarez: Part I, Executive Summary*; December 21, 1973.<sup>1</sup>
- MPC Corporation, Pittsburgh, *Transit Expressway Report*: summary report of testing and evaluation project, for the Port Authority of Allegheny County; February 20, 1967.<sup>234</sup>
- MPC Corporation, Pittsburgh, *Transit Expressway Report*, Phase II, for the Port Authority of Allegheny County; June, 1973.<sup>1</sup>
- PRT Systems Corporation/Franklin Institute Research Laboratories/Herbert Morris, Ltd., *Transit Now For Tomorrow*: public relations materials; 1975.

#### GROUP RAPID TRANSIT SYSTEMS

#### AIRTRANS

- LTV Aerospace Corporation, *AIR TRANS, Automatic Transportation System Technical Orientation*; November 15, 1974.<sup>3</sup>

#### Morgantown (Chronologically)

- Elias, Samy E. G., West Virginia Univ., *A Feasibility Study of an Integrated City and University Transportation System*; August, 1970.<sup>5</sup>
- The Boeing Company, *M-PRT Phase IB, System and Subsystem CDR's*; Kent, Washington; March 4-8, 1974.<sup>3</sup>
- The Boeing Company, *Product Assurance Critical Design Review, Morgantown*; March 25, 1974.<sup>3</sup>
- The Boeing Company**, *Morgantown Project History*; April 15, 1974.<sup>12</sup>
- Currence, C., for The Boeing Company, *Post-Turnover Operational Requirements Plan*, M-PRT, phase IB; May 17, 1974.<sup>5</sup>
- Jet Propulsion Laboratory, California Institute of Technology, *Morgantown Project, Requirements and Constraints Document (TRD 100-1)*; December 21, 1974.<sup>3</sup>
- Booz, Allen & Hamilton, Inc., for the Smithsonian Institution Air and Space Museum, *Transfer of Aerospace Technology to Civilian Transportation Modes, Personal Rapid Transit System, Morgantown, W. Va.: draft report*; January, 1975.<sup>13</sup>
- Barton-Aschman Associates, Inc., and others, for UMTA, Office of Transit Planning, *Evaluation Of Alternatives, Morgantown PRT System*; February, 1975.<sup>1</sup>

- U. S. General Accounting Office, staff study, *The Personal Rapid Transit System, Morgantown, West Virginia: final report*; April, 1975.<sup>2</sup>
- Cole, Leon M., of the Library of Congress, Congressional Research Service, *Federal Research and Demonstrations in New Transit Technology: The Morgantown, West Virginia Project*; May 23, 1975.

## GENERAL

- Thiokol Chemical Corporation, *Materially Speaking: Vol. #20: public relations materials*; June, 1973.

## PERSONAL RAPID TRANSIT SYSTEMS

## STUDIES AND PAPERS

- The Aerospace Corporation, *Personal Rapid Transit, Overview of System Concept and Development Status*; revised October, 1972.<sup>3</sup>
- Anderson, J. Edward, Dais, Jack L., Garrard, William L., and York, Harold L., University of Minnesota, Institute of Technology, *PRT Planning in the Twin Cities and Duluth*; undated.<sup>12</sup>
- Bernstein, Harry, and Schmitt, Arthur, of the Aerospace Corporation, *Emergency Strategies for Safe Close-headway Operation of PRT Vehicles*, in *Personal Rapid Transit*; April, 1972.<sup>3</sup>
- Bush, Leon R., of the Aerospace Corporation, *The Economics of High-Capacity PRT Systems*, in *Personal Rapid Transit*; April, 1972.<sup>6</sup>
- Holt, W. J., and Corey, R. W., *A Personal Rapid Transit (PRT) System for Las Vegas, Nevada*: technical proposal by Rohr Industries; undated.<sup>13</sup>
- Irving, J. H., of the Aerospace Corporation, *The Promise of Area-Wide Personal Rapid Transit*: paper presented at AAAS Annual Meeting; January 28, 1975.<sup>12</sup>
- Lavine, Peterson, Bulbulian, University of Minnesota for UMTA, *Visual Impact of Personal Rapid Transit*; November, 1974.<sup>14</sup>
- University of Minnesota, for UMTA, *Vehicle Scheduling and Control in Personal Rapid Transit Systems*; September, 1974.<sup>3</sup>
- University of Minnesota, Task Force on New Concepts for Urban and Regional Affairs, *Planning for Personal Rapid Transit*: a summary report to the Minnesota State Legislature; July, 1973.<sup>124</sup>
- University of Minnesota, Task Force on New Concepts in Urban Transportation, *Planning for Personal Rapid Transit*; December, 1972.<sup>124</sup>

## RESEARCH PROPOSALS

- University of Minnesota, Center for Urban and Regional Affairs, *A Technology Assessment of Personal Rapid Transit*: a research proposal to the National Science Foundation; May 21, 1971.
- University of Minnesota, Center for Urban and Regional Affairs, *Development of Methods for Planning Automated Network-Cab Transport Systems*: a research proposal to the Department of Transportation; November, 1972.<sup>1</sup>

## COMPENDIUM

- Personal Rapid Transit: Lea Transit Compendium*, Vol. 1, No. 4; 1974.<sup>3</sup>

## INTERNATIONAL DEVELOPMENTS

## AUSTRALIA

- Loder, J. L., of Loder and Bayly, Consulting Engineers and Planners, Melbourne Australia, *Automated Personal Transportation*; June, 1973.<sup>1</sup>

## CANADA

- Foley, K. W., president, Ontario Urban Transportation Development Corporation *Go-Urban and the Transit Demonstration System*: progress to April 9, 1974.
- Soberman, R. M., Vice-president for Planning, Ontario Urban Transportation Development Corporation, *Transportation Concepts for the Future*: paper presented to the Canadian Electrical Manufacturers' Association, Ottawa; November 5, 1974.<sup>1</sup>
- Ontario Ministry of Transportation and Communications, R&D Division, *Intermediate Capacity Transit—Ontario's Program*; February, 1974.

## FRANCE

Transportation Technology, Inc., *Nancy Project Papers*; most **undated**

## JAPAN AND WESTERN EUROPE:

Anderson, J. Edward, *Developments in Urban Transport Systems in Western Europe*; November 7, 1974.

Howard R. Ross Associates, *Plans for Deployment of Advanced Transit Systems in Europe and Japan*; December 31, 1974 (updated, February 10, 1975).<sup>13</sup>

*Asahi Graph* Special Issue on "Transportation Systems with Human Considerations as the Theme," *Asahi Shimbun*, Tokyo, Japan; March 18, 1975.<sup>14</sup>
