Chapter	Page
I. Overview	3
II. Departmental Goals and Priorities	11
Issue 1—Goals and Plans	11
Issue 2—Setting Priorities	13
Issue 3—Planning Programs to Meet Goals.	15
III. Management and Institutional Issues	19
Issue 4—Program Staffing and Management	19
Issue 5—Program Evaluation	20
Issue 6—Relationship of Regulatory, Incentive, and Budget Outlay Options.	22
Issue 7—Procurement and Contracting	23
Issue 8—Data Collection and Analysis	25
Issue 9—Basic Research	26
Issue 10—Commercialization	27
Issue 11—Nonhardware Research.	30
Issue 12—Conservation and Solar Integration	31
Issue 13—Federal Energy Coordination	32
Issue 14—Assistance to States	33
Issue 15—Consolidation of State programs	34
Issue 16—Role of Utilities.	35
Issue 17—International Markets.	37
Issue 18—Energy Use in Federal Buildings	39
Issue 19—Organizational Conflicts—SERI, RSECs, ROs.	40
IV. Program Review	45
Solar Electric Applications	45
Issue 20—Wind Energy Strategy	46
Issue 21—Large v. Small Wind Systems.	47
Issue 22—Photovoltaic Program Strategy.	48
Issue 23—Polysilicon Shortage	49
Issue 24—Solar Thermal Power Strategy.	50
Issue 25—OTEC Strategy.	51
Biomass.	53
Issue 26—DOE Support for Biomass Energy Systems	54
Issue 27—Scale and Emphasis of Biomass Fuel Production Facilities	56
Issue 28—Biomass Liquid Fuels.	57
Transportation Programs.	59
Issue 29—Advanced-Engines RD&D	60
Issue 30—Electric Vehicles	62
Buildings	63
Issue 31—Retrofitting Buildings	65
Issue 32—Residential Conservation Service	67
Issue 33—Passive Heating and Cooling.	68
Issue 34—Active Solar Hot Water and Space Heating.	70
Issue 35—Solar District Heating	72
Industrial Energy Conservation Programs	74
Issue 36—Criteria for Selection.	75
Issue 37—Cogeneration.	77
Issue 38—Solar Agricultural and Industrial Process Heat	78
Related General Accounting Office Reports.	80

Contents—continued

List of Tables

<i>Table No.</i>	<i>Page</i>
1. Solar Goals	12
2. Conservation Goals.	12
3. Comparison of the DOE Fiscal Year 1981 Budget Request With DPR Solar Energy Goals for 2000 or Conservation Savings Expected in 1990	15
4. Budget of the Solar Electric Applications Program, Fiscal Years 1979-81.	45
5. Biomass Energy Systems Program Budget, Fiscal Years 1979-81.	54
6. Office of Transportation Programs Budget, Fiscal Years 1979-81.	59
7. Buildings and Community Systems and Solar Applications Program Budget Requests, Fiscal Years 1979-81	64
8. Potential Energy Savings by 1990 From Housing Retrofits and Strict Building Standards . .	66
9. Annual Heating Requirements of Selected Existing Houses	69
10. Industrial Energy Conservation Program Budget Requests, Fiscal Years 1979-81	74

List of Figures

<i>Figure No.</i>	<i>Page</i>
1. Organization of Conservation and Solar Energy Programs at the Department of Energy	6
2. Organization of the Department of Energy	7
