

# Contents

Chapter	Page
1. Summary . . . . .	3
Estimating the Potential U. S. Export Market . . . . .	5
Foreign Trade Policy Considerations . . . . .	7
Dredging: the Federal Role . . . . .	8
Alternative Technologies—the Outlook . . . . .	10
2. Discussion of Issues . . . . .	13
Issue I: U. S. Coal Export Potential . . . . .	13
Issue II: Federal Policy . . . . .	16
Issue III: Dredging . . . . .	18
3. Port and Shipping Technologies for Exporting	
Coal . . . . .	33
Background . . . . .	33
Inland Networks and Systems . . . . .	37
Major Coal Ports and Terminals . . . . .	40
Coal Projects at Other Ports . . . . .	48
Summary of Coal Port Projects . . . . .	52
Ships in the Coal Export Trade . . . . .	52
Proposed New Terminal and Shipping Systems . . . . .	58
Appendixes	
A. Status of Dredging Projects . . . . .	69
B. Legislation in the 97th Congress . . . . .	75

## List of Tables

Table No.	Page
1. Selected Current International Steam Coal and Shipping Prices . . . . .	7
2. History of U.S. Coal Exports . . . . .	34
3. U.S. Exports of Bituminous Coal . . . . .	35
4. Summary of Existing and Proposed Facilities at Five Major Coal Handling Ports . . . . .	36
5. Rail-Carried Coal Tonnage for 1978 . . . . .	39
6. Size Distribution of World Coal Fleet . . . . .	54
7. Dimensions of Selected Ships by Coal-Carrying Capacity . . . . .	55
8. Coal-Loading Facilities for Large Bulk Carriers Analyzed by Area and Capacity . . . . .	55

Table No.	Page
9. Coal-Discharging Facilities for Large Bulk Carriers Analyzed by Area and Capacity . . . . .	55
10. The World Coal Trade by Vessel Size, 1979 . . . . .	56
11. Shipments of Dry Bulk Commodities by Bulk and Combined Carriers . . . . .	56
12. The Existing Fleet and Tonnage on Order by Size Class . . . . .	57
13. Coal Shipping Costs for Round Trips From Selected U.S. Ports . . . . .	57
A-1. Corps of Engineers Cubic Yard Dredging . . . . .	70
A-2. Corps of Engineers for Dredging . . . . .	70
A-3. How Corps Projects are Conceived, Authorized, Funded, and Implemented . . . . .	72
A-4. Proposed Improvements to Existing Coal Harbor Channels . . . . .	73
A-5. Coal Ports Reports Schedule . . . . .	74

## List of Figures

Figure No.	Page
1. History and Projection of U.S. Coal Exports . . . . .	6
2. Major U.S. Coal Deposits, Transportation Systems, and Coal Ports . . . . .	33
3. Existing and Proposed Coal Piers, Continental United States . . . . .	37
4. Principal U.S. Coal Basins and Rail Transportation Routes to the Export Market . . . . .	39
5. Existing and Proposed Coal Piers, Port of Hampton Roads . . . . .	41
6. Existing and Proposed Coal Piers, Port of Baltimore . . . . .	43
7. Physical Layout, McDuffie Island . . . . .	46
8. Existing Coal Terminals, Port of New Orleans . . . . .	47
9. Approximate Implementation Schedule of New Coal-Export Terminals . . . . .	53
10. Economies of Scale in Seaborne Coal Trade . . . . .	57
