PART 1—REVIEW	
Executive Summary	3
The Airport and ATC System	7
Background	7
Basic Findings on the Airport and ATC System	7
The 1982 National Airspace System Plan	9
General Comments	9
Addressing Future Requirements	9
Priorities	10
Schedule	10
FAA Aviation Forecasts	13
Accuracy of Past Forecasts	13
Forecast Methodology	16
Growth Assumptions in the 1982 NAS Plan	17
Constraints on Future Growth	17
Specific Technologies	21
System Design and Transition	21
En Route Computer Replacement	22
Automation and Human Factors	24
Communication	26
Collision Avoidance	26
Satellite Technologies	27
Impacts on Airspace Users	29
General Aviation	29
Department of Defense	30
Cost and Funding Issues	33
User Fees	33
Cost Allocation	34
Alternative Methods of Taxation	36
Other Funding Issues	37
PART 2 – APPENDIXES	
Appendix A—Growth Scenarios in FAA’s National Airspace System Plan.....	41
Attachment A-1: CBO Analysis of FAA Forecast Accuracy and Model	48
Attachment A-2: Comparison of FAA Forecasts With Industry Forecasts. . . .	50
Appendix B—Computer and Communication Technologies in FAA’s National Airspace System Plan	52
Attachment B-1: Excerpt From “Scenarios for Evolution of Air Traffic Control	59

Appendix C—OTA Conference on the National Airspace System Plan	62
Attachment C-1: Agenda and List of Participants	62
Attachment C-2: Summary of Questionnaire Responses	64
Attachment C-3: Summary of the Conferees' Views	68

TABLES

<i>Table No.</i>	<i>Page</i>
1. FAA Forecasts Compared With Actual Data	16
2. Comparison of Rehosting and Upgrading 9020As to 9020Ds	23
3. FAA Budget Estimates, Fiscal Years 1983-87	33
4. Past and Future FAA Expenditures	33
5. FAA Budget and Cost Recovery, Fiscal Years 1983-87	34
6. Cost Recovery Under the Administration's Proposed User Fees	35
A-1-1 .Five-Year Aviation Activity Forecasts Compared With Outturn	48
A-1-2 .Summary of Forecast Periods	48
A-1-3. FAA Forecasting Models	49

FIGURES

<i>Figure No.</i>	<i>Page</i>
1. FAA Tower Workload, Actual and Forecast, 1960-2000	14
2. FAA En Route Workload, Actual and Forecast, 1960-2000	15
3. FAA Flight Service Workload, Actual and Forecast, 1960-2000	15
A-2-1. Forecasts of 1980 Domestic Air Traffic, 1966-79	50
A-2-2. Forecasts of 1985 Domestic Air Traffic, 1966-82	50
A-2-3. Comparison of Industry Forecasts of Domestic Air Traffic in 1985 and 1990....	51
A-2-4. Market Forecast for U.S. Commercial Jet Passenger FleeL 1980-2000 . . .	51
