Foreword	1
Overview	2
Summary	6
Summary of Technical Analysis	6
Summary of Decision Analysis	8
Technical Analysis	13
Alternatives to Optical Character Recognition	13
Alternatives to a 9-Digit Zip Code	15
Performance of Single-line Optical Character Readers (OCRs)	16
Performance of Bar Code Sorters	18
Performance of Multi-line OC Rs	18
Feasibility of Local and National Directories	22
Feasibility of Single-line to Multi-line Conversion	25
Technical Opportunities for Improved Performance	27
Decision Analysis	33
Introduction	33
Description of Decision Options	34
Discussion of Key Assumptions	36
Discussion of Key Uncertainties	41
Results of Decision Analysis	51
Appendix A: Modeling Methodology	59
Appendix B: Detailed Cash Flow Models and Results	67
Selected References	98

LIST OF FIGURES

<u>Table No.</u>		<u>Page</u>
1.	Illustrative Optical Character Reader (OCR) Performance Data	16a
2.	Productivity of Single- and Multi-Line Optical Character Readers ,	0.2 la
3.	Summary of USPS Equipment Upgrades	3 la
4.	Decision Options	34a
5.	Uncertainties Included in Analysis of Decision Options	41a
6.	Comparison of Code Usages	42a
7.	Growth in ZIP+4 Usage Rate	43a
8.	Estimates of 1989 Clerk/Carrier Savings	44a
9.	Usage Savings Factors	46a
10.	Estimated Percentage Rates of Return for Decision Options Under Various Conditions	52a
11.	Estimated Net Present Values (in billions of dollars) for Decision Options Under Various Conditions	53a
12.	Comparison of Net Present Values (in percentages and billions of dollars) of Options D, G, and H with Option A	54a
13.	Eighty Percent Intervals on Net Present Value (Overall and Conditional)	54b
14.	Cumulative Probability Distributions of Net Present Value (Smoothed)	56a
15.	Sensitivity of net Present Value to Multi-Line OCR Purchase Cost	56b
16.	Comparative Net Cash Flows, Selected Options and Conditions, 1985-1998 (in billions of dollars)	57a
17.	Comparative Net Cash Flows, Selected Options, Conditions, and Years (in \$ billions)	57b
A-1.	Probabilistic Cash Flow Model	60
A-2.	Simplified Representation of Continuous Probability Distribution	61
A-3 through A-7.	Simplified Schematic Model for Options A through E	62-66
B-1 through B-4.	Cash Flow Results for Options A through D	68-71

LIST OF TABLES

B-1 through B-19. Detailed Cash Flow Results	72-97
