Colors Other: _____ Colors Other: _____

IMPORTANT NOTE about Silkscreen Printing

This pdf proof is for checking design, accuracy of all type, and general color scheme. Due to the limitations of silkscreen printing, your final product may be significantly darker or vary in other ways from this proof. Also be aware any photos on your CD label are printed at a much coarser screen (resolution) than the rest of your print work and may show some loss of detail. We cannot guarantee color accuracy with silkscreen printing. If you require more accurate color matching, please talk to your account manager about options. Thank you.
