

DEPARTMENT OF CIVIL AND ENVIRONMENTAL ENGINEERING

Academic Program Proposal Form

This form is to be used by students who wish to use one or more program or technical electives in their academic program which are not explicitly listed in the departmental Yellow Pages describing academic requirements.

Date: \_\_\_\_\_

Name: \_\_\_\_\_

Class Year: \_\_\_\_\_

Program: \_\_\_\_\_

Architecture and Engineering, Environmental Engineering, Geological Engineering, Structural Engineering, Materials Science and Engineering

List below all your program and technical electives including those that are planned as well as actually completed. Mark completed courses with C and planned courses with a P, followed by an asterisk if the course is not listed in the Yellow Pages for your year.

Technical Electives

Program Electives

_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____

Briefly explain why the courses marked with an asterisk should serve as a program or technical elective. These courses must form a coherent sequence, and the technical electives must in particular emphasize mathematical and engineering techniques. This form must be resubmitted if you make any changes to these plans.
