Greening Princeton Minutes 3/21/11

Current Projects

5k
Planning for the 5k is underway. We have posters to hang up and we are working on talking to the director of IM sports so we can make the race worth IM points.

Study Breaks
The video will be ready by April 10th. We are going to work with EcoReps to make a curriculum for study breaks around the Earth Day celebration.

Custodial Recycling Awareness Campaign
There are digital message boards at all the clock-in stations on which John Baer said we could run a short message about recycling that all the custodians and managers would see on regular basis. We are going to hold off on planning this for a week or so until academic scheduling permits.

Announcements

Greening Dining
The first meeting is this Friday, the 25th, at 12 PM in the Forbes Private Dining Room. We will be discussing the projects for the rest of the semester. Everyone can come and share their thoughts.
