Dear Student/Fellow:

On behalf of the Biomedical Science Careers Program (BSCP), we wish to invite you to the thirteenth biennial BIOMEDICAL SCIENCE CAREERS STUDENT CONFERENCE for postdocs (research and clinical); medical, dental and graduate students; post-baccalaureates; college and community college students; and high school seniors and juniors. The conference will take place at The Westin Copley Place in Boston, Massachusetts on Saturday, April 2, 2016 from 7:30 AM to 6:00 PM. All postdocs (research and clinical); medical, dental and graduate students; post-baccalaureates; college and community college students are also welcome to join us on Friday evening, April 1, for dinner and keynote address. Dinner will be followed by interactive workshops.

Purpose of Conference

There are two objectives of the Biomedical Science Careers Student Conference. The primary objective is to provide over 1,000 African-American, Hispanic/Latino and American Indian/Alaska Native students/fellows with an opportunity to network with advisors/role models from the basic and clinical sciences, medicine, public health, academia and the biopharmaceutical industry. These advisors/role models will encourage students/fellows to complete advanced studies and provide concrete advice and information on available resources, professional opportunities and career paths in biomedical and other science-related fields. The second objective is to enable student participants to meet, inspire and network with one another.

Student participants should be seriously interested in or currently studying in biomedical, biotechnology or other science-related fields, such as medicine, chemistry, physics, biology, nursing, dentistry, pharmacy, engineering, biotechnology, physical therapy, public health, allied health or environmental science.

Registration Details

There is no registration fee for the conference but pre-registration is required. Breakfast and lunch on Saturday will be provided to all student/fellow attendees. Dinner on Friday evening will be provided ONLY to the postdocs (research and clinical); medical, dental and graduate students; post-baccalaureates; college and community college students who have specifically pre-registered for the dinner (pre-registration form will be sent with acceptance letter). If you are traveling a long distance and need hotel accommodations, please seek financial assistance from your school for travel and hotel expenses, if necessary. Overnight accommodations are available at The Westin Copley Place at a nightly rate of $199 plus tax (currently 14.45%) for either a single or double room. Hotel reservations can be made online at https://www.starwoodmeeting.com/Book/biomedical2016 by clicking on the “book a room” link at the top right hand corner of the Web page. The group rate is only available until March 8, 2016. We encourage you to reserve early since there is a limited number of rooms available at the discount rate.

To participate in the Biomedical Science Careers Student Conference, please complete the application form and mail to: Biomedical Science Careers Program, c/o Minority Faculty Development Program, Harvard Medical School, 164 Longwood Avenue, 2nd Floor, Boston, Massachusetts 02115-5818. The applications can also be scanned and emailed to farhi_corr@hms.harvard.edu, or faxed to 617.432.3834. Information provided in your conference application will be used to match you with a student advisor at the conference.

Although not a requirement, we urge you to include a copy of your resume with your application. We strongly encourage you to review your resume before sending it. For assistance, please visit: http://www.simmons.edu/cec/undergraduates/career-toolkit/write-a-resume. The information contained in your resume will be used by us to inform you about possible future internship and employment opportunities.

The conference committee for the Biomedical Science Careers Program will make selections and notify students of their acceptance by the end of February 2016. At that time, you will receive more detailed information about the conference (including the Friday dinner pre-registration form). If you have any questions or need assistance, please contact Lise D. Kaye at lise_kaye@hms.harvard.edu.

Sincerely,

Joan Y. Reede, M.D., M.S., M.P.H., M.B.A.
