A broad network of information exchange

Spanish seafood congress explores ways to increase consumption

The 5th Seafood Quality congress, focused on addressing new consumption challenges, was held in Malmö, Sweden, from 4-16 September 2017. Its aim was to discuss innovative solutions to the challenges facing the seafood industry.
Rewarding Aspects

- Receiving positive feedback from one of the interviewees I had wrote a feature article about

- Interaction with fellow co-workers

Danish-American wedding

Views from lunch at supervisor’s house
Personal impact

- Professionally: not many expectations, as it wasn’t related to my studies (COS/ELE)

- Culturally: what made everything worthwhile!!! Getting to know the city, Scandinavian culture, and the surrounding countries

- Piqued interest in environment and sustainability, as well as traveling

- Gained higher degree of independence and self-awareness

- A refresher from the Orange Bubble!
Tour of Scandinavia

Denmark

Sweden

Norway
Warm thank you to IIP, Luisa, and all my friends at Eurofish!
