You indicate on your 2009-10 financial aid application that you anticipate educational expenses beyond the normal allowances we use for all students. Since our initial aid calculations are based on a standard student budget, your financial aid award letter does not reflect this expected increase in expenses.

When you return to campus in September you should call this office and make an appointment to see an aid counselor. At that time we can discuss your anticipated expenses as well as available resources. If necessary, we will then consider an increase in your aid award.

If you have questions between now and September, do not hesitate to get in touch with a financial aid counselor.

Sincerely,

A handwritten signature in cursive script that reads "Robin A. Moscato".

Robin A. Moscato, Director  
Undergraduate Financial Aid
