There is no cost for students to participate in PUPP, and each student receives a stipend during the summer institute. PUPP is supported by Princeton University and donations from alumni, foundations and corporations.

“PUPP was awesome and is the only reason I made it to a school that is perfect for me — Occidental.”
— Manna Selassie, Trenton High School West, Class of 2010, Occidental College ‘14

“PUPP alumni have a 95% college retention rate.

“PUPP is one of Princeton’s most inspired — and successful — educational initiatives. It gives talented students of modest means the knowledge and confidence they need to fulfill their aspirations. It broadens the pool of applicants available to our nation’s finest colleges and universities, and, in time, it will strengthen the fabric of American society.”
— Shirley M. Tilghman, Princeton University President, 2001-13

The Princeton University Preparatory Program (PUPP) is a rigorous academic and cultural enrichment program that supports high-achieving, low-income high school students. Our multiyear, tuition-free program prepares participants for admission to and success within America's finest colleges and universities. PUPP — founded by the Princeton University Program in Teacher Preparation in 2001 — serves students from partner public high schools in Ewing, Hamilton, Lawrence, Princeton and Trenton. Approximately 24 students are selected each year in the spring of ninth grade to participate in our comprehensive, three year college preparation program. Selection is highly competitive and based on a holistic assessment of a student’s academic record, scholastic potential and family circumstances.

PUPP scholars attend three intensive summer institutes on Princeton University’s campus. During the 6 ½ week summer institutes, scholars take a range of courses on topics including writing, literature, mathematics, art and science. Excursions to regional cultural and educational institutions are also integral components of the summer institutes. Throughout the academic year, scholars attend mandatory weekly academic enrichment sessions held after school, as well as a series of Saturday cultural events. Scholars also receive extensive college-preparation services, including college tours, standardized test preparation, and one-on-one college admissions and financial aid guidance.

“PUPP provided me with the support system, motivation and foundation necessary to achieve success that might have otherwise been unattainable.” — Mikkyla Mclean, Trenton Central High School Class of 2008, Rutgers University ’12

“PUPP has transformed me from a student into a well-rounded scholar. It has given me the opportunity to go beyond my own potential. PUPP has given me a new sense of life and better future.” — Arthur Tartee Jr., Trenton High School West, Class of 2013

PUPP PARTICIPANTS ARE EXPECTED TO:

• Take risks in thinking critically and creatively about course content
• Broaden their academic expertise in the areas of writing, literature, science, mathematics and cultural arts
• Present an individual perspective that is informed by readings, discussions and life experience
• Exhibit high self-esteem, strong communication skills and a respect for diversity

“My current success and happiness would not exist if PUPP hadn’t helped me navigate the confusing world of college applications and encouraged me to push myself even harder.” — Courtney Roth, Ewing High School Class of 2011, Davidson College ’15

“I am extremely grateful for PUPP. Without PUPP, I don’t even know if I would be in college. Now I have all these opportunities.” — Stephen Moore, Trenton Central High School, Muhlenberg College ’13

“So far in my entire life, being a part of PUPP is my greatest accomplishment. I am extremely thankful for the opportunity.” — Michael Calle, Lawrence High School, Class of 2013
