

Cognos 8 – Change number of Entries in a List View.

1. In the upper right of the Info Warehouse page, click on “Tools”.
2. In the drop-down, click on “My Preferences”.

3. Once on the “General” tab, find the “Number of entries in list view:” section.
4. In the field below, put in ‘500’. Click “OK” at the bottom of the screen.

The screenshot shows the 'Set preferences' dialog box with the 'General' tab selected. The 'Number of entries in list view:' field is highlighted with a red circle and contains the value '500'. Other fields include 'Report format:' set to 'HTML' and 'Automatic refresh rate in seconds:' set to '30'. The 'Separators in list view:' dropdown is set to 'Alternating backgrounds'.

5. After clicking “OK”, there will be more entries in all the lists inside the Info Warehouse.
