A service of the Butler Committee

Jan 2005  
Oki Gunawan, Editor

Dear Residents,

Happy New Year! I would like to introduce myself as the new Butler Committee Chair. The Butler Committee is a group of residents, both students and spouses/partners, who meet once a month to work on issues affecting life in Butler and graduate student life in general. We also coordinate several social activities throughout the year. Events this semester will include the Chinese New Year party in early February and a Cinco de Mayo party. You can also stay tuned to Butler events with the weekly emails from our Community Programs Coordinator, Beth McKeown.

**Open to all Princeton graduate students and their

*"The Chinese Lunar Calendar names each of the twelve years after an animal. Legend has it that the Lord Buddha summoned all the animals to come to him before he departed from earth. Only twelve came to bid him farewell and as a reward he named a year after each one in the order they arrived. The Chinese believe the animal ruling the year in which a person is born has a profound influence on personality.*

*The sign of the Rooster indicates a person who is hard-working and definite about their decisions. Roosters are not afraid to speak their minds and can therefore sometimes come across as boastful. They make good restaurant owners and world travellers. Famous people born in the Year of The Rooster: Michael Aspel, Yoko Ono, Rod Stewart, Mia Farrow, Eric Clapton."*
