We are writing on behalf of the Board of Governors to thank the more than 570 members of the Club who, during the last two years, have so generously contributed the funds needed to renovate the downstairs areas. You have proven yourselves worthy successors to the generations who preceded us and largely made possible our own years at Cottage. Contributions were made from all but two of the last 70 years of graduate sections (1936 through 2006) as well as from the current 2007 and 2008 sections.

We are especially pleased to welcome to the ranks of those who truly care about Cottage the over 100 members from the last 10 graduating classes who joined in this important campaign. Their resources pale in comparison to those of the sections who most significantly supported this campaign (roughly 225 members from the 1970 to 1990 sections contributed over $650,000), yet their sheer numbers give us great confidence that the Club’s future will someday be placed in very good hands.

In time, we hope that all of the Club’s membership will consider making an annual donation to the tax-deductible Cottage 1886 Foundation. Sixteen percent of the graduate membership contributed to this campaign, and we more than met our goal—raising nearly $1 million. Yet that percentage falls far short of what the University’s Annual Giving Campaign enjoys. We understand, of course, just how much all of us owe to the larger Princeton community. It will be some time, however, before Cottage can be as assured against extinction as is Princeton University. Only the constant support of our membership can guarantee Cottage’s survival for another 100 years and beyond.

So please keep paying your annual dues and, when you do so and can afford it, please add something more each year for The Cottage 1886 Foundation. Your dues provide additional resources to meet the expenses of various Club improvements, while funds contributed to the Foundation support certain aspects of major capital expenditure projects, such as the construction of the lavatories adjacent to the newly refurbished Fraser Room.

The facilities downstairs are now the envy of Prospect Street, thanks to the generosity of those who truly care about Cottage.

Only the constant support of our membership can guarantee Cottage’s survival for another 100 years and beyond.

The facilities downstairs are now the envy of Prospect Street, thanks to the generosity of those who truly care about Cottage.

Our thanks again to you all,

Larry Studnicky ’79  Steve Williams ’81

A Great Fall Semester Yields An Excellent Bicker Section

Although it culminates in February with a week of interviews and discussions, Bicker is actually a year-long process of introducing potential new members to UCC. All of the planning and effort resulted in a top notch section of new Cottage Members!

Senior girls don the traditional UCC silk scarf for initiations.

Invitation to Reunion Weekend
May 31—June 2

We hope to see you and your family during Reunions!

Join us for a lavish brunch buffet on Saturday beginning at 11:30 a.m., and a reception following the P-Rade. Brunch will also be served on Sunday @ 11:30 a.m. The Clubhouse has been reserved for section events on Thursday and Friday evening.

The following policies were adopted by all of the Clubs on “The Street” and are in effect once again this year:

The Club will close (“end activities”) at midnight on Thursday, Friday and Saturday evenings and all members and their guests will be asked to vacate the Club by 1:00 a.m. at the latest. No person, other than undergraduate member officers, will be permitted to sleep at the Club.

Beer taps will be shut off and no alcohol will be served after midnight on those evenings.

Uniformed security personnel will be present both inside and outside the Club to assist Club officers and staff members in enforcing these policies and in addressing any problems that develop.

We believe these policies have not affected the pleasure that members experience in associating with fellow members and their guests at the Club during Reunions. Moreover, we will continue to host the cocktail party and buffet on the Club’s terrace after the P-Rade on Saturday, and continue to welcome members and their guests at the Club throughout Reunion weekend.
