The acronym URL appearing in some citations below stands for Uniform Resource Locator, a specification—in a standard format (74) used by the World Wide Web (9,124)—for resources available via the Internet. Unless otherwise noted, a citation containing a URL refers only to an online resource; a paper version may not be published.

27. DIS Steering Committee, The DIS Vision, A Map to the Future of Distributed Simulation, version 1, IST-SP-94-01 (Orlando, FL: Institute for Simulation and Training, University of Central
