Chapter 1. Summary and Policy Implications	3
Introduction	3
Organization of This Background Paper	6
Summary and Policy Implications	6
Children's Mental Health Problems	6
Children's Mental Health Services	8
Effectiveness of Mental Health Treatment and Preventive Services	8
Current Federal Efforts.	9
Conclusion	10
Part I: Earlier Evaluations and the Current Situation	
Chapter 2. Earlier Evaluations and the Current Situation	17
Introduction	17
Earlier Evaluations of Children's Mental Health Needs and Services	17
Estimates of the Prevalence of Children's Mental Health Problems	17
Recommendations About Mental Health Services for Children	19
The Current Availability and Use of Children's Mental Health Services	24
Conclusion	27
PartII: Problems	
Chapter3. DSM-III Mental Disorders in Children	33
Introduction	33
The DSM-III Diagnostic System.	33
Intellectual Disorders	36
Developmental Disorders	38
Pervasive Developmental Disorders	38
Specific Developmental Disorders	38
Behavior Disorders	39
Attention Deficit Disorder	39
Conduct Disorder	40
Substance Abuse and Dependence	41
Emotional Disorders	42
Anxiety Disorder	42
Childhood Depression.	42
Reactive Attachment Disorder of Infancy	43
Psychophysiological Disorders	44
Stereotyped Movement Disorders	44
Eating Disorders.	44
Enuresis and Encopresis	45
Adjustment Disorder	45
Conclusion	46
Chapter 4. Environmental Risk Factors and Children's Mental Health Problems	49
Introduction	49
Interactions Among Environmental Risk Factors.	50
Poverty and Membership in a Minority Ethnic Group	50
Parental Psychopathology	51
Affectively Disordered Parent	51
Schizophrenic Parent.	52
Alcoholic Parent	53
Maltreatment	53
Physical Abuse and Neglect	54
Sexual Abuse	55
Teenage Parenting	55
Premature Birth and Low Birthweight.	57

Contents—continued

	Page
Parental Divorce	58
Major Physical Illness	59
Conclusion	61
Part III: Services	
Chapter 5. Therapies	67
Introduction	67
Individual Therapy	67
Psychodynamic Therapy	67
Behavioral Therapy	68
Cognitive Therapy	71
Group and Family Therapy	71
Group Therapy	71
Family Therapy	72
Milieu Therapy	73
Crisis Intervention	74
Psychopharmacological (Drug) Therapy	74
Stimulants	74
Neuroleptics	74
Antidepressants	75
Conclusion	75
Chapter 6. Treatment Settings	79
Introduction	79
Psychiatric Hospitalization	79
State and County Mental Hospitals	80
Private Psychiatric Hospitals	81
Children’s Psychiatric Hospitals and Units	81
Chemical Dependency Units	82
General Hospitals With Inpatient Psychiatric Services	82
Residential Treatment Centers (RTC’s)	82
Day Treatment/Partial Hospitalization	83
Outpatient Settings	84
CMHC Outpatient Departments	84
Private Outpatient Clinics	85
Private Mental Health Practices	85
Conclusion	85
Chapter 7. Treatment in Non-Mental-Health Systems, Prevention, and the Integration of Mental Health and Other Services	89
Introduction	89
Children’s Mental Health Treatment in Non-Mental-Health Systems	89
Treatment in the Educational System	89
Treatment in the General Health Care System	91
Treatment in the Child Welfare System	91
Treatment in the Juvenile Justice System	93
Prevention of Children’s Mental Health Problems	93
Primary Prevention	93
Secondary Prevention	95
Integration of Mental Health and Other Services	96
Conclusion	97
Part IV: Effectiveness of Services	
Chapter 8. Effectiveness of Therapies	103
Introduction	103
Effectiveness of Child Psychotherapy in General and Methodological Issues	103

Contents—continued

	Page
Reviews of Child Psychotherapy Outcome Research	104
Methodological Issues	105
Summary	106
Effectiveness of Specific Therapies	106
Effectiveness of Individual Therapy	106
Effectiveness of Group Therapy	109
Effectiveness of Family Therapy	110
Effectiveness of Crisis Intervention	111
Effectiveness of Psychopharmacological (Drug) Therapy	111
Conclusion	113
Chapter 9. Effectiveness of Treatment and Prevention in Mental Health and Other Settings, and Evaluating the Integration of Mental Health and Other Services	117
Introduction	117
Effectiveness of Treatment in Selected Mental Health Treatment Settings	117
Effectiveness of Psychiatric Hospitalization	118
Effectiveness of Residential Treatment Centers	119
Effectiveness of Day Treatment	120
Effectiveness of Treatment in Selected Non-Mental-Health Systems	121
Effectiveness of Treatment in the Educational System	121
Effectiveness of Treatment in the Juvenile Justice System	121
Effectiveness of Selected Prevention Efforts	122
Effectiveness of Selected Primary Prevention Efforts	122
Effectiveness of Selected Secondary Prevention Efforts	125
Summary: Effectiveness of Prevention	125
Evaluating the Integration of Mental Health and Other Services	126
Conclusion	126
Part V: Current Federal Efforts	
Chapter 10. Current Federal Efforts	131
Introduction	131
Federal Programs That Support Mental Health and Related Services for Children	131
Financing of Mental Health Treatment	131
Coordination of Services	140
Research and Training	141
Prevention and Other Services	142
Conclusion	143
Appendix A: Workshop Participants and Other Acknowledgments	147
Appendix B: List of Acronyms and Glossary of Terms	150
References	155
