FUEL EFFICIENCY AND  
SYNTHETIC FUELS**

Alternatives For Reducing Oil Imports

Background Paper #5

Water Availability For Synthetic Fuels:  
An Assessment of Current Studies

October 1982

CONGRESS OF THE UNITED STATES  
Office of Technology Assessment  
Washington, D.C. 20540

## Preface

This volume contains papers written for OTA to assist in preparation of the report ***Increased Automobile Fuel Efficiency and Synthetic Fuels: Alternatives for Reducing Oil Imports***. OTA does not endorse these papers. In several instances, the OTA report reaches somewhat different conclusions because of additional information which was obtained later. These papers, however, may prove valuable for readers needing more detailed or specific information than could be accommodated in the final assessment report, and are being made available for such purposes.

WATER AVAILABILITY FOR SYNTHETIC FUELS

An Assessment of Current Studies

Prepared for

Office of Technology Assessment

United States Congress

June 5, 1981
