

Index

- Advanced En Route Automation (AERA) program, 69, 70
- airport:
- Atlanta Hartsfield, 3, 4, 73, 91
 - Baltimore-Washington International, 29
 - Boston Logan International, 132
 - Chicago O'Hare, 3, 4, 15, 33, 69, 73, 77, 85, 93, 94, 112
 - Cleveland Hopkins International, 96, 110
 - Dallas-Fort Worth, 4, 27, 33, 36, 73, 90, 91, 112
 - Dayton, 178
 - Denver Stapleton, 78, 132
 - Dulles International, 22, 33, 90, 113
 - Honolulu International, 29
 - Houston Intercontinental, 93, 112
 - London Heathrow, 118
 - Los Angeles International, 4, 6, 94, 132
 - Melbourne, FL, 6
 - New Orleans International, 132
 - New York Kennedy, 4, 53, 90, 112
 - New York La Guardia, 53, 112
 - Salt Lake City, 178
 - Santa Monica, CA, 40
 - St. Louis Lambert, 33, 36, 41
 - Environs Plan, 33, 41
 - Tamiami, FL, 6
 - Van Nuys, CA, 6
 - Washington National, 6, 16, 22, 33, 39, 96, 112, 113
 - Westchester County, NY, 34, 40
- Airport Access Task Force, 24, 82
- Airport and Airway Trust Fund, 12, 15, 28, 94, 119, 139, 211, 212
- Airport Development Aid Program, 12, 13, 213
- airports forecasted to have airside congestion, 10
- Airport Improvement Program, 12, 13, 22, 28
- airports in the municipal bonds market: a regional analysis, 250
- Airport Operators Council International, 15, 71
- airport system planning, 189-206
 - general problems, 199-203
 - demand as an independent variable, 199
 - lack of integration among plans, 202
 - plans as advocacy documents, 201
 - national plan of integrated airport systems, 203-206
 - congressional mandate, 203
 - NPIAS, 204
 - planning process, 189-199
 - national planning, 196
 - master planning, 189-191
 - regional planning, 191
 - State planning, 193
- air traffic control (ATC)** 66, 68, 69, 70, 75, 84, 114, 210
- Air Traffic Control Radar Beacon System (ATCRBS)** 66, 67, 70
- air traffic hubs, 5
- Alaska, 22, 29, 31
- Allegheny Airlines, 172
- Atlanta, GA, 34
- Automated Radar Terminal System (ARTS) 67
- Automated Weather Observing System (AWOS), 79
- Baltimore-Washington International, 29
- Braniff, 16
- California, 27, 113, 161
- capacity and delay problem, 8, 45-55
 - cost of delay, 54
 - demand characteristics, 49
 - measurement of delay, 50
 - meteorological conditions, 49
- categories of airports:
 - commercial service, 4, 31, 32, 134
 - general aviation, 4, 5, 6, 7, 26, 27, 28, 31, 34, 64, 66, 109, 110, 111, 112, 131, 134, 141, 148, 166
 - primary, 4
 - reliever, 4, 7, 34, 151
- Chicago, IL, 34
- Civil Aeronautics Board (CAB), 23, 25, 50, 82, 161, 168, 169, 170, 210, 211
- Cleveland, OH, 39
- Cockpit Display of Terminal Information (CDTI), 70
- Community Noise Equipment Level (CNEL), 36
- Congress:
 - Congressional Budget Office (CBO), 11, 117, 125, 126, 129, 146, 165, 237
 - House Public Works and Transportation Committee, 11
- Connecticut, 22, 29
- current airport financial management practices, survey of, 237-247
- Customs Accelerated Passenger Inspection Service (CAPIS), 93
- Dallas-Fort Worth, TX, 34
- Day-Night Average Sound Level (Ldn), 36
- Denver, CO, 34
- Department of Commerce, 209
- Department of Defense, 79
- Department of State, 93
- Department of Transportation, 15, 212
- Delta Airlines, 27
- Eastern Airlines, 27
- Effective Perceived Noise Decibels (EPNdB), 35
- Empire Airlines, 171
- Executive Order 12372, 31, 191
- factors affecting airport costs of capital, 249
- Federal Aviation Administration (FAA), 3, 4, 9, 11, 15, 16, 17, 21, 27, 29, 34, 35, 38, 39, 41, 45, 54, 55, 59, 64, 69, 70, 74, 77, 78, 79, 94, 109, 126, 141, 161, 170, 210
 - aviation forecasting system, 163
 - National **Airport System Plan (NASP)**, 3, 11, 18, 29, 34, 69, 189, 196, 197, 198, 199, 222
 - Office of Systems Engineering Management (OSEM)**, 50
- Federal Highway Administration (FHWA)**, 94
- Federal Inspection Service (FIS)**, 93
- Federal policy and strategy**, 12
- financial management and pricing**, 125-136

- compensatory approach, 125, 127
- landing fees, 132
- operating revenues, 133
- pricing of airport facilities and services, 129
- residual-cost approach, 125, 127
- structure and control of charges, 131
- trends in management since deregulation, 135
- fixed based operator (FBO), 26, 27
- Florida, 149
- forecasting and trends, 159-185
 - aviation demand forecasting, 159-168
 - FAA forecasting system, 163-166
 - limitations of aviation demand **models**, 166
 - methods**, 159
 - implications for airport development**, 184-185
 - recent trends in airline industry**, 169-184
 - changes in **airline industry composition**, 170
 - changes in **route networks**, 172
 - formation of new hubs, 174
- Frontier, 170
- funding, 139-156
 - Federal airport development aid, 139-142
 - demand for investments, 141
 - investment trends, 139
 - financial conditions of U.S. airports, 143-147
 - airline deregulation, effects of, 146
 - effects of airport characteristics, 144
 - measures of performance, 143
 - recent trends, 143
 - municipal bond market, 147-156
 - market for airport bonds, 151
 - role in airport development, 147
- gross takeoff weight (GTW), 75
- Hawaii, 22, 29
- Houston, TX, 34
- Illinois, 29, 31
- impact of management approach and airport size on airport financial performance, 247-248
- Industry Task Force on Airport Capacity Improvement and Delay Reduction, 11, 64, 84, 94, 100
- Instrument Flight Rules, 51, 70.72
- Instrument Landing System (ILS), 62, 64, 65, 66
- Instrument Meteorological Conditions (IMC), 62, 64, 66, 71, 75
- International Civil Aviation Organization, 66
- Joint Airport Weather Studies, 78
- legislation:
 - Air Cargo Deregulation Act of 1976, 211
 - Air Commerce Act of 1926, 209
 - Airmail Act of 1925, 209
 - Airline Deregulation Act of 1978, 23, 169
 - Airport and Airway Development Act, 13, 194, 196, 211, 213
 - Airport and Airway Improvement Act of 1982, 4, 7, 12, 15, 18, 189, 203, 212
 - Airport and Airway Revenue Act, 139
 - Civil Aviation Act, 209
 - Federal Airport Act of 1946, 209, 210
 - Federal Aviation Act of 1958, 35, 210
 - Low Level Wind Shear Alert System (LLWSAS), 79
 - management issues, 15
 - Maryland, 22, 29, 110
 - McKinnon, Dan, Chairman CAB, 24
