Introduction . . . . .	1
Scope of the Report . . . . .	2
Organization of the Report . . . . .	6
Major Findings . . . . .	6
Are American Adolescents Healthy? . . . . .	6
Which Adolescents Experience the Worst Problems? . . . . .	16
Age Differences in Selected Adolescent Health Problems . . . . .	16
Gender Differences in Selected Adolescent Health Problems . . . . .	17
Racial, Ethnic, and Socioeconomic Status Differences in Selected Adolescent Health Problems . . . . .	19
Other Factors Associated With Differences in Adolescent Health Problems . . . . .	22
What Causes Adolescent Health Problems? . . . . .	23
What Should Be Done To Prevent and Treat Adolescent Health Problems? . . . . .	24
Prevention of Adolescent Health Problems . . . . .	25
Treatment of Adolescent Health Problems . . . . .	25
What Is the Federal Government's Role in Improving Adolescent Health? . . . . .	32
(1. S. Executive Branch Agencies . . . . .	32
Congressional Committees . . . . .	40
Major Policy Options . . . . .	44
A New Approach . . . . .	44
Major Option 1: Congress Could Take Steps To Improve Adolescents' Access to Appropriate Health and Related Services . . . . .	46
Strategy 1 -1: Congress Could Support the Development of Centers That Provide Comprehensive and Accessible Services Specifically for Adolescents in Schools and/or Communities . . . . .	49
Strategy 1-2: Congress Could Take Steps To Improve Adolescents' Financial Access to Health Services . . . . .	54
Strategy 1-3: Congress Could Take Steps To Improve Adolescents' Legal Access to Health Services . . . . .	57
Strategy 1 -4: Congress Could Increase Support for Training of Health Care Providers Who Work With Adolescents . . . . .	62
Strategy 1-5: Congress Could Take Steps To Empower Adolescents To Gain Access to Health Services . . . . .	63
Major Option 2: Congress Could Take Steps To Restructure and Invigorate the Federal Government's Efforts To Improve Adolescents' Health . . . . .	65
Strategy 2-1: Congress Could Create a Locus for a Strong Federal Role in Addressing Adolescent Health Issues . . . . .	65
Strategy 2-2: Congress Could Encourage the U.S. Executive Branch To Invigorate Traditional Federal Activities in Program Development . . . . .	69
Strategy 2-3: Congress Could Encourage the U.S. Executive Branch To Invigorate Traditional Federal Activities in Research on Adolescent Development . . . . .	72
Strategy 2-4: Congress Could Encourage the <b>U.S.</b> Executive Branch To Invigorate Traditional Federal Activities in Data Collection . . . . .	74
Strategy 2-5: Congress Could Create a Locus for a Strong Federal Role in Addressing Adolescent Health Issues and Invigorate Traditional Federal Activities in Program Development, Research, and Data Collection . . . . .	76
Major Option 3: Congress Could Support Efforts To Improve Environments for Adolescents . . . . .	76
Strategy 3-1: Congress Could Take Steps To Increase Support to Families of Adolescents . . . . .	78
Strategy 3-2: Congress Could Take Steps To Support Additional Limitations on Adolescents' Access to Firearms . . . . .	80
Strategy 3-3: Congress Could Support the Expansion of Appropriate Recreational Opportunities for Adolescents . . . . .	81
Strategy 3-4: Congress Could Monitor the Effects on Adolescents of the Implementation of the National and Community Service Act of 1990 . . . . .	82
Summary of Major Policy Options . . . . .	83
Specific Findings and Policy Options . . . . .	83
The Conceptualization of Adolescent Health (ch. 2) . . . . .	83
Parents' and Families' Influence on Adolescent Health (ch. 3) . . . . .	84

	<b>Page</b>
Schools and Discretionary Time (ch. 4) . . . . .	85
Prevention and Services Related to Selected Adolescent Health Concerns (chs. 5 through 14) . . . . .	87
Accidental Injuries (ch.5) . . . . .	88
Chronic Physical Illnesses (ch. 6) . . . . .	89
Nutrition and Fitness Problems (ch. 7) . . . . .	90
Dental and Oral Health Problems (ch. 8) . . . . .	91
AIDS and Other Sexually Transmitted Diseases (ch.9) . . . . .	93
Pregnancy and Parenting (ch. 10) . . . . .	94
Mental Health Problems (ch. 11) . . . . .	97
Alcohol, Tobacco, and Drug Abuse (ch. 12) . . . . .	99
Delinquency (ch. 13) . . . . .	101
Hopelessness (ch. 14) . . . . .	105
Major Issues Pertaining to the Delivery of Primary and Comprehensive Health Services to Adolescents (ch. 15) . . . . .	106
Problems in Adolescents' Financial Access to Health Services (ch. 16) . . . . .	110
Consent and Confidentiality Issues (ch. 17) . . . . .	111
Issues in the Delivery of Services to Special Groups of Adolescents (ch. 18) . . . . .	113
Poor Adolescents . . . . .	113
Racial and Ethnic Minority Adolescents . . . . .	115
Rural Adolescents . . . . .	115
The Role of Federal Agencies in Adolescent Health (ch. 19) . . . . .	117
Barriers and Opportunities to Change . . . . .	118
Barriers to Change . . . . .	118
Health Care System . . . . .	118
Federal Budget Deficit . . . . .	119
Limitations of Prevailing Approaches to Program Design and Evaluation . . . . .	120
Opportunities To Change . . . . .	120
Renewed Attention to Adolescent Health Concerns . . . . .	120
Concerns About the Changing Nature of the Workforce and the Country's Economic Future . . . . .	121
Conclusion . . . . .	123
Appendix A. Method of the Study . . . . .	127
Appendix B. Acknowledgments . . . . .	142
Appendix C. Issues Related to the Lack of Information About Adolescent Health and Health and Related Services . . . . .	159
Appendix D. Glossary of Abbreviations and Terms . . . . .	162
References . . . . .	179

## ***Boxes***

<b>Box</b>	<b>Page</b>
A. Issues of Definition in the Assessment of Adolescent Health . . . . .	3
B. Economic Costs of Selected Adolescent Health Problems . . . . .	18
C. Key Groups' Recommendations on Health Education for Adolescents . . . . .	26
D. Healthy People 2000 Service and Protection Objectives That Pertain to Adolescents . . . . .	77

## ***Figures***

<b>Figure</b>	<b>Page</b>
1. Growth Spurts During Adolescence . . . . .	6
2. Overall Death Rates Among the U.S Population, by Five-Year Age Groups, 1987 . . . . .	7
3. Death Rates Among U.S. Adolescents Ages 10 to 19, by External Causes of Death, 1987 . . . . .	8
4. Trends in Death Rates for the Five Leading Causes of Death Among U.S. Adolescents Ages 10 to 14 and Ages 15 to 19, 1970-87 . . . . .	9
5. High School Dropout Rates in the United States, 1989 . . . . .	10
6. U.S. Adolescents With HIV Infection or Other Sexually Transmitted Diseases (STDs): National and Local Estimates . . . . .	12

<i>Figure</i>	<i>Page</i>
7. Overview of U.S. Adolescent Pregnancy and Parenting . . . . .	13
8. Overview of U.S. Adolescents' Use of Alcohol, Cigarettes, and Illicit Drugs, 1988 . . . . .	15
9. Victimization Rates for Rape, Robbery, and Assault, by Age and Sex, 1988 . . . . .	16
10. Percent Mortality Due to Seven Leading Causes of Death for Black and White U.S. Adolescents Ages 10 to 14 and 15 to 19, 1987 . . . . .	20
11. Number of U.S. Adolescents Ages 10 to 18 and Number Living in Poor or Near-Poor Families, by Race and Ethnicity, 1988 . . . . .	21
12. Use of Illicit Drugs by Different Adolescent Populations . . . . .	22
13. Estimated Adolescent-Specific Expenditures by U.S. Executive Branch Agencies Responding to OTA's 1989 Survey . . . . .	38
14. Birth Rates, Abortion Rates, Miscarriage Rates, and Pregnancy Rates Among Females Ages 15 to 19 in 11 Countries, 1983 . . . . .	95
15. Trends in <i>Sexual</i> Experience Rates and Pregnancy Rates Among U.S. Females Ages 15 to 19 and Trends in Pregnancy Rates Among Sexually Experienced U.S. Females Ages 15 to 19, 1970 -88 . . . . .	96
16. Trends in Illicit Drug Use by High School Seniors, 1975 -89, . . . . .	101
17. Trends in Arrest Rates for Serious Property Offenses and Serious Violent Offenses by Persons Under Age 18, 1975-88 . . . . .	103
18. Trends in Arrest Rates for Aggravated Assault and Murder and Nonnegligent Manslaughter by Persons Age 18 and Under, 1965-88 . . . . .	104
19. Distribution of Juveniles in Custody in Public Juvenile Facilities, by Racial and Ethnic Group, 1987 . . . . .	105
20. Visits to Private office-Based Physicians by U.S. Citizens, All Ages Combined and U.S. Adolescents Ages 10 to 18, 1985 . . . . .	107
21. Distribution of visits to Private Office-Based Physicians by U.S. Adolescents Ages 10 to 18, by Physician Specialty, 1985 . . . . .	107
22. Socioeconomic Status of U.S. Adolescents Ages 10 to 18, by Family Income as a Percent of the Federal Poverty Level, 1987 . . . . .	113
23. Family Incomes as a Percent of the Federal Poverty Level, by U.S. Adolescents' Living Arrangements, 1988 . . . . .	114
24. Family Incomes as a percent of the Federal Poverty Level, by U.S. Adolescents' Race/Ethnicity. 1988 . . . . .	116
25. Changes and Projected Changes in the Number of Dependents per 100 persons of Working Age, 1960 to 2040 . . . . .	122
26. projected Changes in the Racial and Ethnic Makeup of the U.S. Population Under Age 18, 1982 to 2080 . . . . .	122
27. Projected Changes in the Racial, Ethnic, and Gender Makeup of the U.S. Labor Force, 1988 to 2000 . . . . .	123

## *Tables*

<i>Table</i>	<i>Page</i>
1. Major Problems That Affect U.S. Adolescents' Access to Health and Related Services . . . . .	28
2. Primary functions of U.S. Executive Branch Agencies With a Role in Adolescent Health . . . . .	33
3. Congressional Committees With a Role in Adolescent Health . . . . .	41
4. Summary of Three Major Policy Options Related to U.S. Adolescents' Health . . . . .	44
5. Strategies for Major Option 1: Congress Could Take Steps To Improve Adolescents' Access to Appropriate Health and Related Services . . . . .	47
6. Strategies for Major Option 2: Congress Could Take Steps To Restructure and Invigorate the Federal Government's Efforts To Improve Adolescents' Health, . . . . .	66
7. Promising or Neglected Areas of Adolescent Health Promotion, Problem Prevention, and Treatment: Examples of Program Development Needs . . . . .	70
8. Strategies for Major Option 3: Congress Could Support Efforts To Improve Adolescents' Environments . . . . .	79
9. Specific Options Related to Conceptualizations of Adolescent Health . . . . .	84
10. Specific Options Related Parents' and Families' Influence on Adolescent Health . . . . .	86
11. Specific Options Related to Schools and Discretionary Time . . . . .	87

<i>Table</i>	<i>Page</i>
12. Specific Options Related to Accidental Injuries . . . . .	89
13. Specific Options Related to Chronic Physical Illnesses . . . . .	91
14. Specific Options Related to Nutrition and Fitness Problems . . . . .	92
15. Specific Options Related to Dental and Oral Health Problems . . . . .	92
16. Specific Options Related to AIDS/HIV Infection and Other Sexually Transmitted Diseases . . . . .	94
17. Specific Options Related to Pregnancy and Parenting . . . . .	98
18. Specific Options Related to Mental Health Problems . . . . .	100
19. Specific Options Related to Alcohol, Tobacco, and Drug Abuse . . . . .	102
20. Specific Options Related to Delinquency. . . . .	106
21. Specific Options Related to Hopelessness . . . . .	107
22. Specifications Related to the Delivery of primary and Comprehensive Health Services to Adolescents . . . . .	111
23. Specific Options Related to Problems in Adolescents' Financial Access to Health Services . . . . .	112
24. Specific Captions Related to Concerns About Consent and Confidentiality in Adolescent Health Care Decisions . . . . .	113
25. Specific Options Related to the Delivery of Services to Poor Adolescents, Racial and Ethnic Minority Adolescents, and Rural Adolescents . . . . .	117
26. Specific Options Related to the Role of Federal Agencies in Adolescent Health . . . . .	118
