OTA REPORTS RECOGNIZED AS NOTABLE

[Office of Technology Assessment reports, prepared to provide the U.S. Congress with thorough analyses of cutting-edge science and technological issues, have garnered awards for outstanding quality in publications. The following OTA titles have been honored for writing, editorial content, layout and design, and cost-effectiveness.]

NOTABLE DOCUMENTS PANEL OF THE AMERICAN LIBRARY
ASSOCIATION'S GOVERNMENT DOCUMENTS ROUND TABLE

[GODART selects those documents they consider to be the best of the government information sources produced at the federal, state, and local levels and across the globe. These documents "expand our knowledge, enhance the quality of life, and/or contribute to an understanding of government."]

After the Cold War: Living with Lower Defense Spending

Biological Rhythms: Implications for the Worker

Changing by Degrees: Steps to Reduce Greenhouse Gases

Complex Cleanup: The Environmental Legacy of Nuclear Weapons Production

Genetic Monitoring and Screening in the Workplace

Global Arms Trade

Harmful Non-Indigenous Species in the United States

Health Care in Rural America

Making Government Work: Electronic Delivery of Federal Services

Preparing for An Uncertain Climate, Volume 2

Proliferation of Weapons of Mass Destruction: Assessing the Risks

Testing in American Schools: Asking the Right Questions

U.S. Dairy Industry at a Crossroads: Biotechnology and Policy Choices

BLUE PENCIL AWARDS OF THE NATIONAL ASSOCIATION OF
GOVERNMENT COMMUNICATORS

[NAGC conducts the Blue Pencil Competition as an annual recognition of outstanding government communications projects and producers. OTA reports consistently recognized in this competition included:]

Adult Literacy and New Technologies: Tools for a Lifetime
Biological Components for Substance Abuse and Addiction
Civilian Satellite Remote Sensing: A Strategic Approach
Cystic Fibrosis & DNA Tests: Implications of Carrier Screening
Electronic Bulls and Bears: U.S. Securities Markets and Information Technology
Energy Efficiency in the Federal Government: Government by Good Example?
Evaluation of the Oregon Medicaid Proposal
Exploring the Moon and Mars
Genetic Monitoring and Screening in the Workplace
HIV in the Health Care Workplace
Redesigning Defense: Planning the Transition to the Future U.S. Defense
Industrial Base
Rural America at the Crossroads: Networking for the Future
Technologies for Understanding and Preventing Substance Abuse and Addiction
Testing in American Schools: Asking the Right Questions

THE MORRIS K. UDALL FELLOWSHIP PROGRAM

[The Udall Fellowship Program was awarded to up to six individuals each year for a one-year appointment at OTA. It was established in April 1991 by the Technology Assessment Board in honor of Morris K. Udall, retired congressman from Arizona who served 30 years in the House of Representatives and 18 years on the Technology Assessment Board. Qualified candidates demonstrated exceptional ability in areas needed in OTA's work, such as the physical or biological sciences, engineering, law, economics, environmental and social sciences, and public policy. Candidates possessed significant experience in technical fields or management or had completed research at the doctoral level.]

CONGRESSIONAL FELLOWSHIP IN HEALTH POLICY

[The Milbank Memorial Fund and OTA established the Congressional Fellowship in Health Policy in 1992 to be served at OTA beginning in September 1992. The program sought candidates with substantial training and experience in research and a strong interest in health policy. The fellowship provided an opportunity for an individual of proven ability and considerable promise to work with OTA researchers to assist Congress in its deliberations of science and technology issues affecting our Nation's health policy and to gain a better understanding of the ways in which Congress establishes national policy related to these issues.

The Fund and OTA invited applications from individuals who had demonstrated ability in research on issues of health policy. Applicants possessed doctorates in the social sciences or related areas or had terminal scientific or professional degrees and considerable training in research using the policy sciences.]
