PREFACE	vii
LIST OF TABLES	xi
LIST OF FIGURES	o..xii
CHAPTER 1: FINDINGS	1
Definitions.	2
Introduction	3
Policy and Institutional Factors	3
The Planning, Development, and Testing Process	4
Operational Experience	5
Assessment of ATC Technology	6
CHAPTER 2: BACKGROUND. 00....	0
Rail Rapid Transit.	11
Objectives	12
Scope	0.....012
Study Method..	13
Organization. o. 0	13
CHAPTER 3: AUTOMATIC TRAIN CONTROL	15
Train Control System Functions	17
Automation	20
Automatic Train Control Technology	22
A Walk Through a Transit System	33
Levels of Automation	40
CHAPTER 4: TRANSIT SYSTEM DESCRIPTIONS0.....	43
Bay Area Rapid Transit (BART)	45
Chicago Transit Authority (CTA)	49
Massachusetts Bay Transportation Authority (MBTA)	55
New York City Transit Authority (NYCTA).	60
Port Authority Transit Corporation (PATCO).	65
Systems Under Development	1..69
CHAPTER 5: OPERATIONAL EXPERIENCE0...	75
Introduction	77
Safety0....0...	77
Issue O-1: Train Protection	78
Issue O-2: Train Operation	81
Issue O-3: Design Safety *	84
Issue O-4: Passenger Security	87
Performance. \$	90
Issue O-5: Ride Quality	90
Issue O-6: Level of Service	93
Issue o-7: Reliability	99
Issue O-8: Maintainability0.....	105

	Page
Cost.	1 0 9
Issue O-9: Capital Cost	110
Issue O-10: Operational Cost.	113
Issue O-11: Workforce Reduction.	115
Issue O-12: Workforce Distribution,	116
Issue O-13: Energy Cost	120
Human Factors.	1 2 1
Issue O-14: The Human Role	122
Issue O-15: Effects of Automation on Employees and Passengers,	127
CHAPTER 6: THE PLANNING AND DEVELOPMENT PROCESS . . .	133
Introduction	135
Issues	
Issue D-1: Design Concepts.	137
Issue D-2: System Development.	139
Issue D-3: Procurement Specifications	141
Issue D-4: Specification of Reliability, Maintainability, and Availability	142
Issue D-5: Equipment Suppliers.	144
Issue D-6: Contractor Selection.	145
Issue D-7: Contract Management,	147
Issue D-8: Testing,	148
Issue D-9: R&D Programs	150
Issue D-10: Test Tracks.	151
Issue D-11: Research Needs	153
CHAPTER 7: POLICY AND INSTITUTIONAL FACTORS	157
Introduction	1 6 1
Summary of Existing Legislation	161
Issues	
Issue P-1: Impact of Existing Legislation	163
Issue P-2: Regulation	166
Issue P-3: Acceptance Testing and Qualification	168
Issue P-4: Standardization,	169
Issue P-5: Safety Assurance	171
Issue P-6: Public Expectations	172
APPENDICES	
A. Train Control System Functions.	177
B. Automatic Train Control Technology	191
C. Design Characteristics of Selected Rapid Rail Transit Systems	199
D. Glossary of Train Control Terms.	207
E. Chronology of Train Control Development,	215
F. Persons and Organizations Visited.	221
G. Biographies of Urban Mass Transit Advisory Panel,	231
H. References.	235
I Congressional Letters of Request	237

TABLES

	Page
TABLE 1.	Levels of Automation 40
TABLE 2.	BART System Facts. 46
TABLE 3.	CTA System Facts 51
TABLE 40.	MBTA System Facts 56
TABLE 5.	NYCTA System Facts 61
TABLE 6.	PATCO System Facts 66
TABLE 7.	Automated Feature of Three Transit Systems Under Development. 69
TABLE 8.	Train Protection Methods in Existing and Planned Transit Systems ... , , 78
TABLE 9.	Analysis of CTA Accident Record, 1965-74, ... , , 80
TABLE 10.	Passenger Injuries Due to Train Operation . , , ... , , 81
TABLE 11.	Passenger Accident Summary 82
TABLE 12.	Fatalities in the United States by Transportation Mode During 1973, 83
TABLE 13.	Passenger Assaults and Robberies for Selected Transit Systems 88
TABLE 14.	Train Operation Methods Related to Ride Quality. , ..92
TABLE 15.	Service Characteristics in Typical Transit Systems .. .94
TABLE 16.	Schedule Adherence in PATCO, 1970-74.....96
TABLE 17.	Schedule Adherence on CTA Dan Ryan Line, 1970-74 96
TABLE 18.	Schedule Adherence in BART, August 1973-August 1974. . , 98
TABLE 19.	PATCO Car Component Performance, July-October 1974...0, .. .0,00...60, 101
TABLE 20.	Summary of Disabling Equipment Failures in PATCO, August 1973-July 1974 102
TABLE 21.	Summary of Equipment Failure in BART, 1974 -75.... 102
TABLE 22.	Car Component Performance on CTA West-South Route, July-October 1974. 104
TABLE 23,	Maintenance Time for Selected PATCO Car Compo- nents. , 106
TABLE 24.	Capital Costs in New Transit Systems 110
TABLE 25.	Cost Estimates for ATC Equipment 111
