<i>Chapter</i>	<i>Page</i>
I. INTRODUCTION	3
Background	3
Workshop Goals	4
II. ROBOT TECHNOLOGY	7
Roots of Robotics Technology	7
Definition of Robots..	8
Technological Context of Robots	8
The Robot Market.	9
Technology and Market Issues.	10
111. SOCIAL ISSUES... ..	13
Productivity and Capital Formation.	13
Labor	14
Education and Training.	16
International Impacts.	17
Other Applications.	17
REFERENCES.	21
<i>Appendixes</i>	
A. Workshop Issues List of Social Impacts	25
B. Commissioned Background Papers.	26
1. Paul Aron Report No. 25.	27
2. industrial Robots and Productivity Improvement.	62
3. Robotics, Programable Automation and Improving Competitiveness.	90
4. Robotics and Its Relationship to the Automated Factory.	118
