2018 Fall Mammography Screening Program for Female Faculty and Staff Age 35 and Over

Princeton’s annual Fall Mammography Screening Program will be held during the week of October 22.

Princeton encourages faculty, staff, and their families to utilize an independent in-network radiology facility instead of a hospital. There is a significant cost difference between services performed in a hospital setting versus those provided at an independent facility. Call Health Advocate or use Castlight to locate a facility.

The Mammography Screening Program utilizes two in-network facilities that have digital equipment and separate appointment schedules for Princeton faculty and staff available on a first-come, first-served basis. Scheduling at least one week ahead of time is suggested. You must obtain a mammogram prescription from your regular physician or gynecologist prior to your appointment. If you do not currently have a regular physician or gynecologist and have health insurance through Princeton, visit UnitedHealthcare’s website at www.myuhc.com or Aetna’s website at www.aetna.com/dse/princeton for a physician directory. You may also contact your insurance carrier for assistance with finding a provider; the number is on the back of your insurance card.

In order to provide comprehensive results to your doctor, the facility should compare the records of your previous mammograms. If you are utilizing one of these facilities for the first time, they will assist you in obtaining your previous records when you arrive for your appointment.

<table>
<thead>
<tr>
<th>Location Information</th>
<th>Appointment Times</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Princeton Radiology at Quakerbridge</strong></td>
<td>Monday, October 22, 8:00 a.m. - 6:30 p.m.</td>
</tr>
<tr>
<td>8 Quakerbridge Plaza</td>
<td>Tuesday, October 23, 8:00 a.m. - 7:15 p.m.</td>
</tr>
<tr>
<td>Mercerville, NJ 08619</td>
<td>Thursday, October 25, 8:00 a.m. - 3:30 p.m.</td>
</tr>
</tbody>
</table>

To make an appointment, call (609) 890-0033, then select option 1. If you prefer not to hold, there is an option to leave a voicemail and a scheduler will call you back. Inform the scheduler that you belong to the Princeton University Screening Program. If the dates above are not convenient, the scheduler will find you an appointment that is suitable for your schedule.

To make an appointment, call (609) 921-3345, then select option 1. If you prefer not to hold, there is an option to leave a voicemail and a scheduler will call you back. Inform the scheduler that you belong to the Princeton University Screening Program. If the dates above are not convenient, the scheduler will find you an appointment that is suitable for your schedule.
What to Bring to Your Appointment

- A mammogram prescription from your regular doctor or gynecologist
- Your medical ID card
- Phone numbers and fax numbers of the prescribing doctor who will receive the results

Transportation
You are responsible for arranging your own transportation.

Copayment Information
If you are enrolled in a Princeton Health Plan (excluding the J-1 Visa Plan) and use an in-network provider, there is no copayment for a preventive mammogram; the service is covered at 100%. 3D preventive mammograms are also covered at 100%.

If you are enrolled in the Princeton University J-1 Visa Plan, your mammogram will be covered at 80% after deductible.

For health plans outside of Princeton University, please contact your health insurance provider.
Individuals without health insurance should contact the facility for rates.

Exclusions
If any of the following categories apply to you, you are not eligible to participate in the Mammography Screening Program. Instead, you should contact your regular physician or gynecologist for all matters related to your breast health.

- Have had a breast cancer diagnosis within the past five years
- Have a new breast problem, such as a lump, skin change, or nipple discharge
- Had a mammogram within the past 12 months
- Are under age 35
- Had any type of breast surgery, biopsy, or aspiration within the past year
- Are currently breastfeeding or breastfed within the past nine months
- Are pregnant or think you may be pregnant

If you have any questions about the Mammography Screening Program, contact the Benefits Team at (609) 258-3302 or benefits@princeton.edu.
