Dear Michele and Regan,

Thank you for the letter you sent earlier today, requesting that Princeton University commission a fair and independent review of our Title IX office. I have reviewed this request with Provost Deborah Prentice and with Vice President for Campus Life W. Rochelle Calhoun. We appreciate, support, and join you in your efforts to make our campus safe for all who work or study on this campus, and to ensure that our procedures are fair and respectful to everyone. We accordingly grant your request.

In so doing, my colleagues and I want to express our respect and gratitude for the good work that you do, and in particular for your commitment to treat every student and every complaint with scrupulous fairness and thoughtful compassion. We also appreciate your desire to seek continued improvement of our Title IX processes and to facilitate constructive dialogue, through appropriate and inclusive processes, with our larger community. The work you do is tremendously important, and we are fortunate to have you at Princeton.

Sincerely,

Christopher L. Eisgruber
