MEMBERSHIP
Colonial is going strong…..five years running! We had XXX sign-ins during first round, and have approximately XXX students on the waiting list. Our membership currently includes XXX seniors and XXX juniors.

MEET OUR NEW OFFICERS
(picture)

President: Marco Fossati-Bellami, Milan, Italy - Psychology major and candidate for the Neuroscience Certificate
Vice President: Megan Manfred, Tarrytown, NY - Politics major
Treasurer: Peter Allen, West Chester, PA - Economics major
Social Chair: Tim Petrella, Hartford, CT - History major
House Manager: David Light, North Wales, PA - Chemistry major

MEMBER HIGHLIGHT
Colonial member Jacqueline Leahy ’06 is an “All-American” and co-captain of Princeton’s Fencing Team. During her freshman and sophomore years, Jacqueline was undefeated in the regular season, and lost only three bouts last year. So far this year, Jacqueline’s statistics include a third place finish in the Penn State Garret Open, and she has won all twelve of the bouts she fought in dual competition. Jacqueline is also involved with Princeton Evangelical Fellowship, the Community Based Learning Initiative, and the Human Values Forum. Additionally, Jacqueline sings in the a capella group, Kindred Spirit, and is a member of the varsity student-athlete committee. Best of all, Jacqueline is a genuine, kind, and enjoyable young woman whom Colonial is proud to have as a member.

ALUMNI
Although Princeton’s football team fell to Yale by one touchdown, the Colonial Club scored big with a wonderful turnout for Homecoming and our Capital Campaign Kick-off event. As usual, our Homecoming brunch was a mouth-watering delight, and, after the game, Club members of all ages danced to keyboardist, Sal Anthony, and feasted on an array of delicious appetizers, entrees, and desserts. The architectural drawings of the new addition were met with enthusiasm and thus far our Campaign has raised $358,000.00.

Suggested dues for our new members are $5.00 per year for every year since graduation. We can’t do it without you!
THE COLONIAL CLUB 21ST CENTURY CAMPAIGN

REUNIONS
Again this year, we will continue with the Reunion check-in procedure. Dues-paying members will receive a blue and gold sticker, while non-dues-paying members will receive a black and white sticker. Please wear the sticker so our waitstaff and bartenders will know to serve you and your family. The cost of hosting our Reunion bash is hefty.
So, if you'd like to exchange your black and white sticker for a blue and gold sticker, just let us know. Staff will be readily available to accept your dues and to thank you for your contribution!

Our Reunion festivities will begin on Saturday, June 3rd, with a 9:00am continental breakfast for early birds, which will, of course, include Milk Punch. Brunch will be available from 11:00am to 1:00pm, followed by the barbecue from 4:00pm to 6:00pm. Sunday morning, we will host a brunch beginning at 10:00am until 12:00noon. (There will be no dinner offered on Sunday.)

As usual, we will close at midnight on Friday and Saturday nights during Reunions.

THE HOUSE
We have accomplished some modest repairs/upkeep to the house this year, which include re-paneling the walls and replacing the brass sconces in the Red Room; adding a juice bar to the servery; carpeting the foyer stairs; repainting the foyer walls; and making a few minor changes to the servery layout to ease lunch time congestion and travel flow.

UNDERGROUND OIL TANK
The 1952-era underground oil tank was no longer in compliance with New Jersey state law. Therefore, we had to undertake the arduous task of removing the tank, having the soil remediated, and renting an above ground tank for current use until such time that a new oil tank will coincide with the new addition construction. While digging out the tank, it was discovered that the University telecom lines, which were encased in cement, ran directly across the tank. The telecom lines had to be removed before the work could continue. Fortunately, the soil was not contaminated and the work proceeded without further mishap. A costly venture to be sure, but a requirement in order to meet current codes.

SQUIRRLS!
They love us. We have miles of electrical wires in our attic covered in very old plastic casings (Romex), which the squirrels love to chew. This, of course, causes electrical shorts in our system, which in turn, causes interruptions in our service.....not to mention a fire hazard risk. Because of the pesky critters, we are forced to change all the wiring to B/X, a new and improved encasement that is impervious to rodents. The squirrels will now be dining at TI!

JUST A NOTE.......... We sometimes make errors of have omissions in our newsletter no matter how hard we to avoid it. Like most publications, we, too, will publish any corrections. If your name has been misspelled or omitted from the donor or honors lists, please let us know so a correction can be published in the following newsletter. We do apologize for any errors or omissions.
