CURRICULUM VITAE

NAME: Dilip Abreu

ADDRESS: Department of Economics
                    Princeton University
                    Princeton, NJ 08544-1021

TELEPHONE: Office: (609) 258-4021

EDUCATION: Elphinstone College, Bombay University
                      B.A. Economics/Statistics, 1975

                    Delhi School of Economics, Delhi University
                      M.A. Economics/Econometrics, 1978

                    Balliol College, Oxford University
                      M. Phil. Economics/Mathematical Economics, 1980

                    Princeton University
                      Ph.D. 1983. Thesis: "Repeated Games with
                    Discounting: A General Theory and an Application to
                    Oligopoly"

EMPLOYMENT:
                     Assistant/Associate Professor
                    Department of Economics, Harvard University
                    1984-1990

                     Professor
                    Department of Economics, Princeton University
                    1990-1995

                     Professor
                    Department of Economics, Yale University
                    1995-1997

                    Professor
                    (Edward E. Matthews, Class of 1953, Professor
                    of Finance and Professor of Economics)
                    Department of Economics, Princeton University
                    1997-present

PROFESSIONAL
HONORS:

Sloan Foundation Fellowship, 1988-1990

Fellow of the Econometric Society, elected 1991.

Fellow of the American Academy of Arts and Sciences, elected 2001.

Council Member of the Econometric Society, 2003-2008

Member of the Council of the Game Theory Society (GTS), 2011-2014.

Economic Theory Fellow of the Society for the Advancement of Economic Theory
(SAET) Elected, 2013.

FELLOWSHIPS:

Post-Doctoral Fellow, Institute for Mathematics and its Applications, University
of Minnesota, Fall 1983

Post-Doctoral Fellow, Mathematical Sciences Research Institute University of
California, Berkeley, Fall 1985

National Fellow, Hoover Institution, Stanford University, 1989-1990

Visiting Fellow, Russell Sage Foundation, N.Y., 1994-1995

BIBLIOGRAPHY

"Repeated Games with Discounting: A General Theory and an Application to Oligopoly," unpublished Ph.D. dissertation, Princeton University, 1983.

"On the Inconsistency of Certain Axioms on Solution Concepts for Non-Cooperative Games," (with D. Pearce), *Journal of Economic Theory*, October 1984.

"Extremal Equilibria of Oligopolistic Supergames," *Journal of Economic Theory*, June 1986.

"Optimal Cartel Equilibria with Imperfect Monitoring," (with D. Pearce and E. Stacchetti), *Journal of Economic Theory*, June 1986.

"On the Theory of Infinitely Repeated Games with Discounting," *Econometrica*, March 1988.

"The Structure of Nash Equilibrium in Repeated Games with Finite Automata," (with A. Rubinstein), *Econometrica*, November 1988.

"Subgame Perfect Implementation: A Necessary and Almost Sufficient Condition," (with A. Sen) *Journal of Economic Theory*, April 1990.

"Toward a Theory of Discounted Repeated Games with Imperfect Monitoring," (with D. Pearce and E. Stacchetti), *Econometrica*, September 1990.

"Virtual Implementation in Nash Equilibrium" (with A. Sen), *Econometrica*, July 1991.

"A Perspective on Renegotiation in Repeated Games," (with D. Pearce), in *Game Equilibrium Models*, ed. R. Selten, Berlin: Springer Verlag, 1991.

"Information and Timing in Repeated Partnership," (with P. Milgrom and D. Pearce), *Econometrica*, November 1991.

"Virtual Implementation in Iteratively Undominated Strategies: Complete Information," (with H. Matsushima), *Econometrica*, September 1992.

"A Response to Glazer and Rosenthal," (with Hitoshi Matsushima), *Econometrica*, November 1992.

"Virtual Implementation in Iteratively Undominated Strategies: Incomplete Information," (with H. Matsushima), 1992, mimeo.

"Renegotiation and Symmetry in Repeated Games," (with D. Pearce and E. Stacchetti), *Journal of Economic Theory*, August 1993.

"Exact Implementation," (with H. Matsushima), 1994, *Journal of Economic Theory* 64, No. 1.

"The Folk Theorem for Discounted Repeated Games: a NEU Condition," (with P.K. Dutta and Lones Smith), 1994, *Econometrica* 62, No. 4.
