

## **THE U.S. MONTHLY AND QUARTERLY DATA SETS**

The monthly and quarterly data are from the FRB St. Louis FRED data base. You can find the raw data in the Excel file **TimeSeriesData\_From\_Fred.xlsx**. These data were converted to RATS data files; the RATS files are in the data files

**US\_MACRO\_MONTHLY.RAT** and **US\_MACRO\_QUARTERLY.RAT**.

These are also saved in Excel (.xlsx) format.
