

CONTENTS

<i>Chapter</i>	<i>Page</i>
1. Summary	1
Cholesterol and Heart Disease in the Elderly	1
Treatment of High Cholesterol in the Elderly	2
Costs of Screening and Treatment	2
Implications for Medicare	3
2. Introduction	5
3. Epidemiology of Hypercholesterolemia in the Elderly	7
Diseases Associated With Hypercholesterolemia	7
The Distribution of Serum Cholesterol Levels Among Elderly Americans	8
Evidence That Hypercholesterolemia is Associated With Increased Morbidity and Mortality	8
Summary	16
4. Measuring Cholesterol	19
Recommendations for Cholesterol Measurement Among the Elderly	19
Cholesterol Measurement Techniques	19
Factors That Influence Cholesterol Measurements	20
Reliability of HDL and LDL Measurements	22
Costs of Lipoprotein Measurement	22
Followup Testing	23
Importance of the Locale of Testing	23
5. Treatment of Hypercholesterolemia	25
Dietary Treatment of Hypercholesterolemia	25
Drug Treatment of Hypercholesterolemia	25
Costs of Treatment	27
Health Outcomes of Treatment	29
6. Implications for Medicare	35
Implications of Cholesterol Screening in the Elderly for Total Health Care Expenditures	35
Use of Cholesterol Screening Services	38
Implementing a Cholesterol Screening Benefit	38
Costs and Effectiveness of Cholesterol Screening	39
<i>Appendix</i>	
A. Advisory Panel--Project on Preventive Health Services Under Medicare	41
B. Acknowledgments	42
C. Expenditure Model for Diagnosis and Treatment of Hypercholesterolemia in the Elderly	43
Acronyms	48
References	49

Tables

<i>Table</i>	<i>Page</i>
1. Mean Serum Cholesterol Levels of Men and Women, SEM, Age-Adjusted Values Selected Percentiles, Number of Examined Persons, and Estimated Population, by Race and Age: United States, 1978-1980	9
2. Simple Pearson Correlation Coefficients Between Various Plasma Lipids and Lipoprotein Fractions From Various Studies	16
3. Selected Charges for Lipoprotein Measurement	23
4. Costs of Treating Hypercholesterolemia	28
5. Randomized Trials of Cholesterol Reduction and Mortality	30
6. Estimated Total Health Care Costs of Full Compliance With National Cholesterol Education Program Protocol in the Elderly Population in 1995	36
7. Total Number of Lipoprotein Measurement Services Allowed Under Medicare in 1986 by Type of Procedure	38
8. NCEP Risk Factors for Coronary Heart Disease	43
9. Assumptions for Cholesterol Expenditure Model	44
