

CONTENTS

Introduction	4
Chapter 1: Transportation System Needs for the 1990s and Beyond	5
System Rehabilitation and Maintenance	6
Metropolitan Mobility and Congestion Relief	6
Access to Rural Areas	8
Transportation System Efficiency	8
Compatibility With Environmental Goals	8
Technology for the Future	9
Investment and Institutional Issues	9
Apportioning Federal Aid	12
Federal Matching Ratios	16
Program Flexibility	18
Performance Measures	18
Regional Planning	18
Chapter 2: Where We Go From Here: Program Goals, Structure, and Funding	21
Generic Program Models	21
Planning, Safety, R&D, and Other Program Components	28
Chapter 3: Motor Carrier Issues	35
Large, Heavy Trucks on the Road	35
LCVs Defined	36
Regulatory Background	36
Handling and Safety Characteristics	43
State Programs	49
Human Factors	49
Infrastructure Impacts	55
Economic Impacts	58
Conclusions	60
Appendix A: Supplementary Tables	63

Boxes

Box		
A.	Trends Affecting Surface Transportation	2
I-B.	Fiscal issues Differ Widely Depending on State Conditions	15
1 -c.	Sample Maintenance Award and Congestion Relief Bonus Programs	19
2-A.	Model A Program Structure	22
2-B.	Model B Program Structure	24
2-c.	Model C Program Structure	25
2-D.	Model D Program Structure	27
2-E.	Model E Novohalt: A Tough Road	;
3-A.	Greater Productivity Through Longer Buses	56
3-B.	Calculating the Costs of Economic Development	60

Figures

Figure

1-1.	Types of Highway Improvement Financed by Federal Aid	5
1-2.	State Payments Into Highway Trust Fund, 1989.....	13
1-3.	Apportionment of Highway Trust Fund to States, 1989	14
1-4.	State Fiscal Capacity to Raise Revenue.....	17
3-1.	Heavy Truck Configurations	37
3-2.	Vehicle Size Comparison	38
3-3.	States Allowing Limited LCV Operations and Year First Allowed.....	39
3-4.	Triple-Trailer Operations	40
3-5.	Turnpike Doubles: States With Designated Routes and Weight Limits	41
3-6.	Hitching Mechanisms for Twin-Trailer Trucks.....	47

Tables

Table

1-1.	1989 Congestion Levels in Major Cities.....	7.
1-2.	Proposed Federal Authorizations for Highway and Mass Transit, 1991-96.....	10
1-3.	Current Federal Highway and Mass Transit Program Authorization	11
1-4.	Administration Proposed Surface Transportation Act Authorization for 1992-96	11
1-5.	Apportionment Factors for Federal Surface Transportation Aid, 1991	12
2-1.	Surface Transportation Research and Development.....	30
3-1.	Vehicle Sizes and Weight: Maximum Limits, Jan. 1, 1991.....	50
