Overview	1
Chapter 1. Executive Summary	7
Chapter 2. Advanced Ceramics	37
Chapter 3. Polymer Matrix Composites	73
Chapter 4. Metal Matrix Composites.	99
Chapter 5. Factors Affecting the Use of Advanced Structural Materials.	121
Chapter 6. Impacts on the Basic Metals Industries	137
Chapter 7. Case Study: Polymer Matrix Composites in Automobiles	155
Chapter 8. Industrial Criteria for Investment	187
Chapter 9. International Business Trends	203
Chapter 10. Collaborative R&D: A Solution?	251
Chapter 11. The Military Role in Advanced Materials Development	269
Chapter 12. Policy Issues and Options	291
Appendix A. Contractors and Workshop Participants	315
Appendix B. Glossary	320
Index	329
