Photos from the Papa John's Study Break

The new Wilson College Council hosted its first study break last night complete with Papa John's pizza and brownies! Hungry students came from all over Wilson to enjoy the food, mingle with friends, and take a break from studying. Stay tuned for more info about next week's study break!

A brief message from your new Council Chair

Christine Bokman '11

I am very excited to be leading the Council this semester! I have already met a few of the Council members, and I can tell that it is an extremely motivated group with

creative and innovative ideas for the Wilson College community of students.

I hope we as a group can, as always, provide fun study breaks for the College, but more importantly, new events and activities for the Wilson students to engage in, in addition to what is already offered. This semester, I hope to create more opportunities for Wilson students to get involved in civic engagement oppor-

tunities, to attend a series of speaker events to hear from alumni and to learn about life after Princeton, and to take a break from studying not only with food, but with IM sports and organized games in the new Commons.

Overall, I hope the Council can provide ways for students to have fun and benefit from what the Wilson community has to offer.

- Christine Bokman

The new entrance to **Wilcox** was completed during Intersession. The upper part of the tower is shown at left. An elevator has also been installed and **Wilcox Commons** reopened. The rest of the renovations to **Wilcox** will be completed over the summer.
